

NORTH LAWRENCE IMPROVEMENT ASSOCIATION

LAWRENCE, KANSAS

April 24, 2004

Lawrence City Commissioners
Lawrence-Douglas County Metropolitan Planning Commission

The North Lawrence Improvement Association (NLIA) and the residents of North Lawrence are against the re-zoning of the 500 block of Locust from M3 (Light Industrial) to R02 Office/Duplex. We would prefer it be re-zoned as Single Family residential because there are six single family residents in the five hundred block of Locust. Not all the residents of that area support the R02 rezoning but they would support rezoning to single family residential

If you have any questions feel free to call me at 842-7232

Thank you for listening to our concerns,

Ted Boyle

Property Owner EVELIAN PAYNE

 1. Yes, I am interested in having my property rezoned from the existing M-3 (Intensive Industrial) District to RO-2 (Residential Office) District. I understand that this action is initiated by the Lawrence Planning Commission and there will be no cost or expense to myself.

X 2. No, I am not interested in having my property rezoned from the existing M-3 (Intensive Industrial) District to RO-2 (Residential Office) District. I am satisfied with the current intensive industrial zoning for my property and my neighbors along Locust Street. I understand that new residential uses are not allowed in this zoning district.

 or 3. I would like to talk to you about the matter and may need additional information. My telephone number is _____ and the best time to call is _____.
Or please contact me in the following manner _____

Only if this is rezoned to a single family
(residential property) then I would reconsider my
answer
