Sandy:

As we discussed earlier today, the Owner & the Fire Department are in the final stages of working out the details for providing additional fire protection on the above property. However, a final conclusion has not been reached as of this date. Thus, we wish to request a 90-day extension in order to reach a final agreement and submit the revised UPR Plan, which will address all of the conditions for the approval.

You indicated that this extension would not be a problem with Staff due to the present workload you are presently handling. Please advise if you foresee any problems with this extension.

Sincerely,

A handwritten signature in dark ink, appearing to read "Allen Belot".
