Citizen Input

Sunday CMB and Package Liquor Sales

The State of Kansas changed State liquor laws concerning Sunday and certain Holiday sales. The staff memorandum explains these changes or you may review [2005 Senate Bill 298](#).

Changes in State law provide that the City must allow both Sunday sales of packaged liquor and Sunday sales of cereal malt beverages if Sunday sales are to be approved. The City cannot allow just CMB only or Liquor sales only.

On June 28, 2005, the City Commission requested input on allowing Sunday sales for packaged CMB and liquor. We request that you share your opinion on whether the City Commission should adopt an ordinance allowing for Sunday and certain Holiday sales.
