Attention Lisa Pool

I would like to have my property at 935 Homewood,
Lawrence, KS 66044 rezoned to R02.

Also, I am looking forward to the new city
development code. R50

Planning Commission
Attn: Terry Riordan
City Hall
Lawrence KS

Dear Terry:

Recently I spoke with Lisa Pool over the phone about the proposed rezoning from Research and Industrial to Residential/Office of my lot at 934 East 19th Street. I was unaware that the property was zoned as a commercial district and I was, to say the least, surprised to learn that currently if I wished to make a small addition to my home such as a carport or garage, I would need to petition the commission for an exemption from the zoning regulations. Frankly speaking, I find this to be an excessive and burdensome level of bureaucracy. I therefore support the rezoning of our lot to a Residential/Office district.

If you have any questions, please don't hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Jacob Esselstyn", with a stylized flourish at the end.
