PUBLIC WORKS

November 10, 2005

Charles F Soules, P.E.
Director of Public Works
6 East 6th Street
Lawrence, Kansas 66044

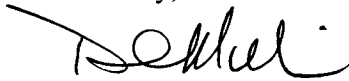

Dear Mr. Soules: *Chuck*

I am pleased to announce that your proposed KLINK Resurfacing project from 23rd Street (K-10) to Irving Hill Road Overpass and Harvard Road to 6th Street (US-40) on Iowa Street (US-59) has been selected for funding and will be included in the Kansas Department of Transportation (KDOT) City Connecting Links "KLINK" Resurfacing Program.

Over the past five years, 123 projects totaling nearly \$39 million have been initiated through this program with KDOT funding approximately \$18 million in improvements and local governments, \$21 million. These improvements couldn't have happened without local partners and KDOT working together.

Your project has been programmed for FY 2008, and KDOT's Bureau of Local Projects will be contacting you regarding the process to get it underway. Please see the attached letter for further details regarding your project's funding. We appreciate your application to the Local Partnership Program. By combining resources, KDOT and you, our local partners, are making a difference in improving the State's transportation system.

Sincerely,

Deb Miller
Secretary of Transportation
