David Corliss
6 East Sixth St.
Lawrence, KS. 66044

Dear David:

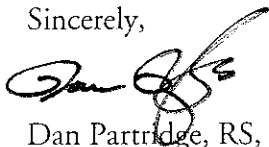

I wanted to let you know of a recent honor the Health Department's Web site,
www.ldchealth.org, was awarded recently.

The site, which has been online since January, received the bronze award for Excellence in Public Health Communication (out-sourced sites). The award was presented to the agency by the National Public Health Information Coalition (NPHIC), a group made up of public health communication professionals from around the country.

While most of the awards went to state-run health agencies, the Lawrence-Douglas County Health Department was one of a handful of local health departments recognized.

We are excited about this accomplishment and wanted to share it with you and the commissioners. Thanks for passing this information along.

Sincerely,

Dan Partridge, RS, MPH
Director
