

## **ROUNDAABOUT LANDSCAPING COMPLETED**

The Parks and Recreation Department has completed work on the roundabout located at the North Second Street entrance/exit to Lawrence from the turnpike.

Trees were planted, as well as plantings of both native and adapted plants, shrubs, perennials, grasses and mums for fall color. A new Lawrence sign was also mounted on the native Kansas limestone retaining wall to greet visitors at the entrance/exit of the city.

The landscaping was done in cooperation with the Kansas Turnpike Authority.
