

**PETITION TO RECONSIDER LOCATION OF TRANSFER HUB  
FOR CITY OF LAWRENCE BUS SYSTEM**

We, the undersigned, request that the City Commissioners for the City of Lawrence reconsider their prior decision to locate the transfer hub for the city's bus system commonly called "The T" from the East side of the 800 block of Vermont Street to the area around 10<sup>th</sup> and Kentucky Street the old site of the homeless shelter or some other alternative location.

The current proposal for the transportation hub will remove 16 parking spaces from use downtown. Loss of these additional parking spaces will cause a great hardship for customers of downtown businesses. Downtown businesses are already suffering from the loss of parking due to the closure of the library parking lot, various parking locations due to construction, the recent decision by the Commission to close parking spaces to accommodate the Farmer's Market on Tuesday afternoons and a general shortage of parking spaces downtown.

The move to the old shelter location was not considered by the Commission when the 800 block of Vermont Street location was selected because it was not vacant when that decision was made. Moving the transportation hub to the 10<sup>th</sup> and Kentucky Street location will allow for critical downtown parking spaces to be maintained and at the same time provide a good facility for the city to use as a transportation hub. By signing below, I certify that I am a resident of the City of Lawrence and have read and agree with the contents of the Petition above.
