Dear Commissioner Herbert,

Please vote to allow members of the  
Citizens Review Board to have access to  
the police investigation files involved.  
I understand the concern for confidentiality  
that the Police Union have expressed. To  
me the Citizens Review Board would serve  
in much the same way as the School  
Board when it addresses a employee  
concern in executive session. Thank you for  
all you do.

Dear Commissioner Soden,

Please vote to have the Citizens Review Board have access to police investigative files when a case is brought to them. The Board members would have to serve in a confidential manner to address concerns raised by the Police Union. This would be similar to how the school board hears a personnel matter. Lois Orth-Lopes

Dear Commissioner Ananda,

Thank you so much for speaking up about needing all the information as a member of the Citizens Review Board so that those members can make informed decisions. Lois Orth-Lopes

May 10, 2018

Dear Commission Larson,

Please vote to support Jennifer Ananda's recommendation that the Citizens Review Board have access to the police investigation file. I understand the Police Union's concern but it would be like the School Board addressing a concern in a confidential session. Thanks for all you do
