

NORTH LAWRENCE IMPROVEMENT ASSOCIATION

LAWRENCE, KANSAS

2-7-18

CDB Board.

North Lawrence Improvement Association + Residents of North Lawrence would like to have traffic speed bumps installed in the 700 Block of Lyons street 3 total. Residents in this area have been waiting for 2 years. They are already approved by the city. North Lawrence has applied for grant money on Lincoln St, city has money to install them on Lincoln St. So residents have ask North Lawrence Improvement Association to use grant money on the 700 Block of Lyons. Because of Truck Traffic + Baseball game traffic.

Sincerely
Ted Boyle President N-LIA
