## CITY OF LAWRENCE, KANSAS

### Mission Statement

#### MISSION

*We are committed to providing excellent city services that enhance the quality of life for the Lawrence community.*

#### VALUES

*In order to fulfill our mission, we have established several guidelines:*

*We are committed to these basic principles:*

*Integrity  
Courtesy  
Fairness  
Honesty*

*How we get the job done is as important as getting the job done.*

*Our interaction with the community will be professional, responsive, direct, personal, caring and appropriate.*

*We will promote teamwork, employee satisfaction and professional development in order to provide innovative, cost-effective, efficient service.*

**WE WANT OUR CITIZENS, CLIENTS AND CUSTOMERS TO HAVE HIGH EXPECTATIONS OF GOVERNMENT SERVICE, AND WE WILL DO OUR BEST TO MEET AND EXCEED THOSE EXPECTATIONS.**

CITY COMMISSION

MAYOR  
MICHAEL DEVER

COMMISSIONERS  
MIKE AMYX  
JEREMY FARMER  
DR. TERRY RIORDAN  
ROBERT J. SCHUMM

To the Citizens of Lawrence:

The Comprehensive Annual Financial Report (CAFR) of the City of Lawrence for the year ended December 31, 2013 is hereby submitted. The report was prepared by the Finance Department, which is responsible for the accuracy of the data and the completeness and fairness of the presentation, including all disclosures. Unless waived by the local government, Kansas Statutes require that the financial statements be presented in conformance with generally accepted accounting principles (GAAP) and be audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants.

The report consists of management's representations concerning the finances of the City of Lawrence. The City has established a comprehensive set of internal controls that is designed to protect the government's assets from loss and to compile sufficient reliable information for the preparation of the financial statements. Because the cost of internal controls should not exceed the benefits, internal controls are designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The financial statements have been audited by Mize Houser & Company PA, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Lawrence for the fiscal year ended December 31, 2013 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the City of Lawrence's financial statements for the year ended December 31, 2013, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City of Lawrence was part of a broader, federally mandated "Single Audit" designed to meet the special needs for federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal

We are committed to providing excellent city services that enhance the quality of life for the Lawrence Community

independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These Single Audit reports are part of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The MD&A section can be found immediately following the report of the independent auditors.

**Profile of the City** The City of Lawrence was founded in 1854 as a project of the New England Emigrant Aid Society. The City is located thirty-eight miles west of Kansas City, Missouri, and twenty-five miles east of Topeka, the state capitol. In addition, Lawrence is home to the University of Kansas, which is the largest local employer. The City encompasses approximately 34.3 square miles and had an estimated population in 2013 of 94,586.

The City of Lawrence has operated under the Commission-City Manager form of government since 1951. The five member Commission is elected at large to either a two or four year term. Each year the Commission chooses one of its members to serve as Mayor. The Commission is responsible for policy making, passing ordinances, adopting the budget, appointing committees, and hiring the City Manager. The City Manager is responsible for the day-to-day operations of the City and for hiring personnel.

The City provides a full range of services which include police and fire protection, construction and maintenance of infrastructure, community development and planning, and recreational and cultural activities. The City also operates both the water and wastewater utilities. In addition, the City provides both residential and commercial sanitation services to its citizens. The Lawrence Public Library, Lawrence Housing Authority, and Lawrence Memorial Hospital are considered component units of the City of Lawrence and thus have financial information included in this report.

**The Budget Development Process** The annual budget provides a foundation for financial planning and control. Early each year, each department submits a budget request including payroll projections, capital outlay requests, and program improvement decision packages.

A number of study sessions are held throughout the year with city staff and the City Commissioners to discuss various elements of the budget. A goal setting session is held, giving the Commissioners an opportunity to determine priorities for the budget year. Staff in the various departments can then work toward accomplishment of those goals through their daily operations. In 2013, the City Commission goals were economic development, planned growth, community building, environment issues, neighborhood quality, transportation, downtown development, and service delivery.

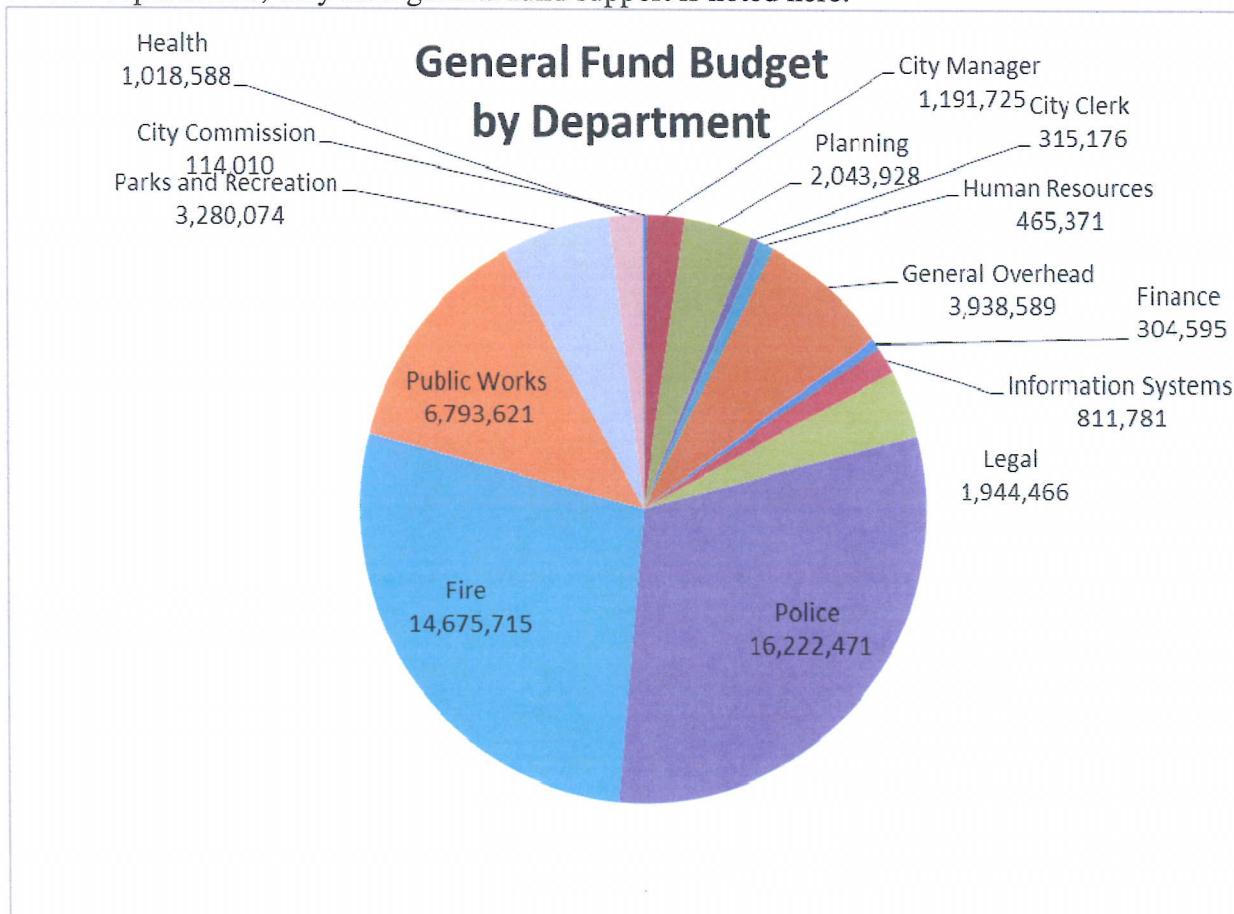

Other sessions are held to discuss the multi-year Capital Improvement Plan, to review Debt, and to provide the City Manager and staff with direction for allocation to contractual agencies.

The first opportunity for public comment on the budget is in June. The City Manager then prepares a recommended budget that is reviewed and revised by the Commissioners. A summary is published in the Lawrence Journal World and the recommended budget is available on the City's website.

A second opportunity for public comment is held in early August. A final budget is then adopted by the City Commission and filed per state statute with the County Clerk in late August.

The budget is then formatted into a printed document, reproduced and made available for the public. In addition to dollar amounts, this document contains narrative information on the purpose and mission, the accomplishments, goals and objectives, and performance indicators of each department and division.

The City of Lawrence is organized into 13 departments to provide City services and carry out City policies. Although funding from sources other than the General Fund support several departments, only their general fund support is noted here.

**Local Economy** The local economy is varied and diverse, producing a wide variety of products and services. Approximately 20.7% of Lawrence's employment is in the goods-producing industries, 15.2% in trade, transportation and utilities, 32.6% in service-providing industries, and 31.5% in government. Employment opportunities are provided by over 2000 local employers. Major employers include The University of Kansas, Lawrence Public Schools, General Dynamics, Lawrence Memorial Hospital, Berry Plastics, Hallmark Cards, Amarr Garage Doors, Douglas County and K-Mart.

The average unemployment of the Lawrence MSA in 2013 was 4.1% which is down from 5.3% in 2012. The total civilian labor force was 61,600 in December, 2013. The average annual unemployment rate for 2009, 2010, 2011 and 2012 was, 5.5%, 6.2%, 5.1%, and 5.3% respectively. The number of homes sold in Lawrence during 2013 was 1,061, a 17.2% increase from the 905 in 2012. The median selling price for a home was \$170,000 during the year representing a 6.6% increase over the \$159,500 median selling price in 2012.

Annual Average Lawrence MSA Employment by Sector			
Sector	2012	2013	12-Month % Change
Civilian Labor Force	61.6	61.9	0.5%
Production Sectors	10.6	10.9	2.8%
Trade, Transportation, and Utilities	7.7	8.0	3.9%
Service Sectors	16.4	17.2	4.9%
Government	16.6	16.6	0.0%
<b>Total Non-farm Employment</b>	<b>51.3</b>	<b>52.7</b>	<b>2.7%</b>

Number of persons, in thousands, not seasonally adjusted

**Economic Development** The City of Lawrence provides multiples support programs for economic development opportunities designed to enhance the local economy and quality of life. As these programs involve public funding for current and future community assets, projects are viewed as an investment in which the City analyzes the risks and returns, selecting economic projects that best balance the goal of growing the local economy with the required amount of investment.

Currently, the City has the following active economic development programs and projects.

Incentive Program	Description	Location
Tax Abatements	Amarr	3800 Greenway circle
	PROSOCO	3741 Greenway circle
	Screen-It Graphics/Grandstand	3840 Greenway Circle
	Rock Chalk Park	6100 Rock Chalk Drive
	Sunlite Science & Technology, Inc.	4811 Quail Crest Place
Industrial Revenue Bonds (IRB)	Bowersock (Hydro-Electric Plant)	Kansas River, east of N 2nd Street
	PROSOCO	3741 Greenway circle
	9th & New Hampshire--South Project	9th & New Hampshire
	Rock Chalk Park	Rock Chalk Drive & George Williams Way
	Neuvant House East	1216 Biltmore Drive
Neighborhood Revitalization Areas (NRA)	8th and Pennsylvania Street District	720 E 9th Street
	1040 Vermont (Treanor Headquarters)	1040 Vermont Street
	810/812 Pennsylvania (Cider Building)	810/812 Pennsylvania Street
	1000 Massachusetts St. (Masonic Temple)**	1000 Massachusetts Street
Tax Increment Financing (TIF)	Downtown 2000 District	9th & New Hampshire area
	Oread Project	1200 Oread Avenue
	9th & New Hampshire TIF District	SEC & NEC, 9th & New Hampshire
	901 New Hampshire (TIF Refund)	901 New Hampshire
Transportation Development Districts (TDD)	Free State (Bauer Farm)	NEC 6th & Wakarusa
	Oread Project	1200 Oread Avenue
	9th & New Hampshire District	SEC & NEC, 9th & New Hampshire

During 2013, Amarr projected 40 net new positions and realized 85, Prosooco projected 50 net new positions and realized 67, and Grandstand projected 56 net new positions and realized 71. Argenta, a global provider of drug development services, receives support from the City and County via a joint support package for employee training totaling \$10,500.

Within the first two years of operation, the Bioscience and Technology Business Center (BTBC) on the University of Kansas' West Campus reached 100% capacity. BTBC Phase II: Development of land adjacent to the BTBC is currently planned to become Phase II of the Main Facility, adding 31,000 square feet of tenant space (wet laboratory and office space). In order to raise the necessary capital for the \$10 million project, the City and County took the lead by making a \$1 million commitment each to this expansion. The combined \$2 million was used to leverage additional funding from BTBC stakeholder partners. The City funded its commitment in 2013 by including \$1.0 million in its 2013 Series-A general obligation bond.

**Major Initiatives** The City Commission has adopted goals to guide future financing of activities. Included in these goals are economic development, building a sense of community, and improving transportation. Several actions were taken in 2013 to promote economic development.

An \$18-million expansion and renovation of the Lawrence Public Library continued. The expansion will increase the size of the library and provide for additional parking to the public. Construction of the 91 room Marriott Towne Place hotel began in 2013 at 9<sup>th</sup> and New Hampshire. Construction has begun on completing the South Lawrence Trafficway. The \$182 million project will create a bypass around the southern area of the City and is being funded by the State of Kansas.

The City issued two temporary notes in 2013 to fund the construction of the Sports Pavilion of Lawrence. The \$22.5 million, 181,000 square feet, facility will include 8 basketball courts, 16 volleyball courts, a 1/8 mile indoor track, cardio area, and meeting rooms. The facility is being constructed adjacent to the University of Kansas' new track and field operation.

**Long Term Planning** As Lawrence continues to experience moderate growth the need to build new infrastructure has lessened, but the need to maintain existing streets and storm sewers remains very important. The city saw an increase in construction activity in 2013 including the construction of 32 more single-family homes than the previous year. Unemployment has slightly decreased, and remains below both the state and national averages.

As of September 2010, the City became responsible for the clean-up of the former Farmland fertilizer plant. The City received \$8.5 million from the Farmland Trust and must use the funds for remediation of groundwater pollution. The goal is to develop the land into a future business park. The City spent \$647,514 on clean-up related costs in 2013. The City Commission approved the formation of a special benefit district in 2012 that includes the boundaries of the former Farmland property. The City included \$8.2 million in the 2013 Series III note issue to finance the improvements. The construction of the improvements is projected to be completed in the summer of 2014.

The City Commission has adopted a capital improvement plan for the voter approved sales tax for infrastructure. The plan includes approximately \$29 million in projects. A master plan to determine the improvements needed for the water and sanitary sewer systems has also been approved. The plan identified specific capital projects and will be the basis for future rate calculations.

The City Commission is provided with a projection of the revenue, expenditures, and fund balances of the property tax supported funds as part of the deliberations over the operating budget. The main purpose is to avoid large fluctuations in the property tax levy and to warn of potential deficits and the need to either enhance revenue sources and/or reduce the growth of expenditures. The City Commission has adopted a policy to

maintain the unassigned fund balance in the General Fund at a level equal to 15-30% of expenditures.

**Relevant Policy Changes** The City implemented GASB 63 for the 2013 fiscal year's financial reports. GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, changes how governments will organize their statements of financial position (such as the current government-wide statement of net assets and the governmental funds balance sheet). Under this new standard, financial statements will include deferred outflows of resources and deferred inflows of resources ("deferrals"), in addition to assets and liabilities, and will report *net position* instead of net assets.

**Awards and Acknowledgements** The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Lawrence for its comprehensive annual financial report (CAFR) for the year ended December 31, 2012. This was the twenty-second consecutive year that the City has received this prestigious award. In order to be awarded a Certificate of Achievement, the government published an easily readable and efficiently organized CAFR. This report satisfied both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

In addition, the City also received the GFOA's Distinguished Budget Presentation Award for its 2013 annual budget document. In order to qualify for the Distinguished Budget Presentation Award, the budget document was judged to be proficient in several categories, including as a policy document, a financial plan, an operations guide, and a communications device.

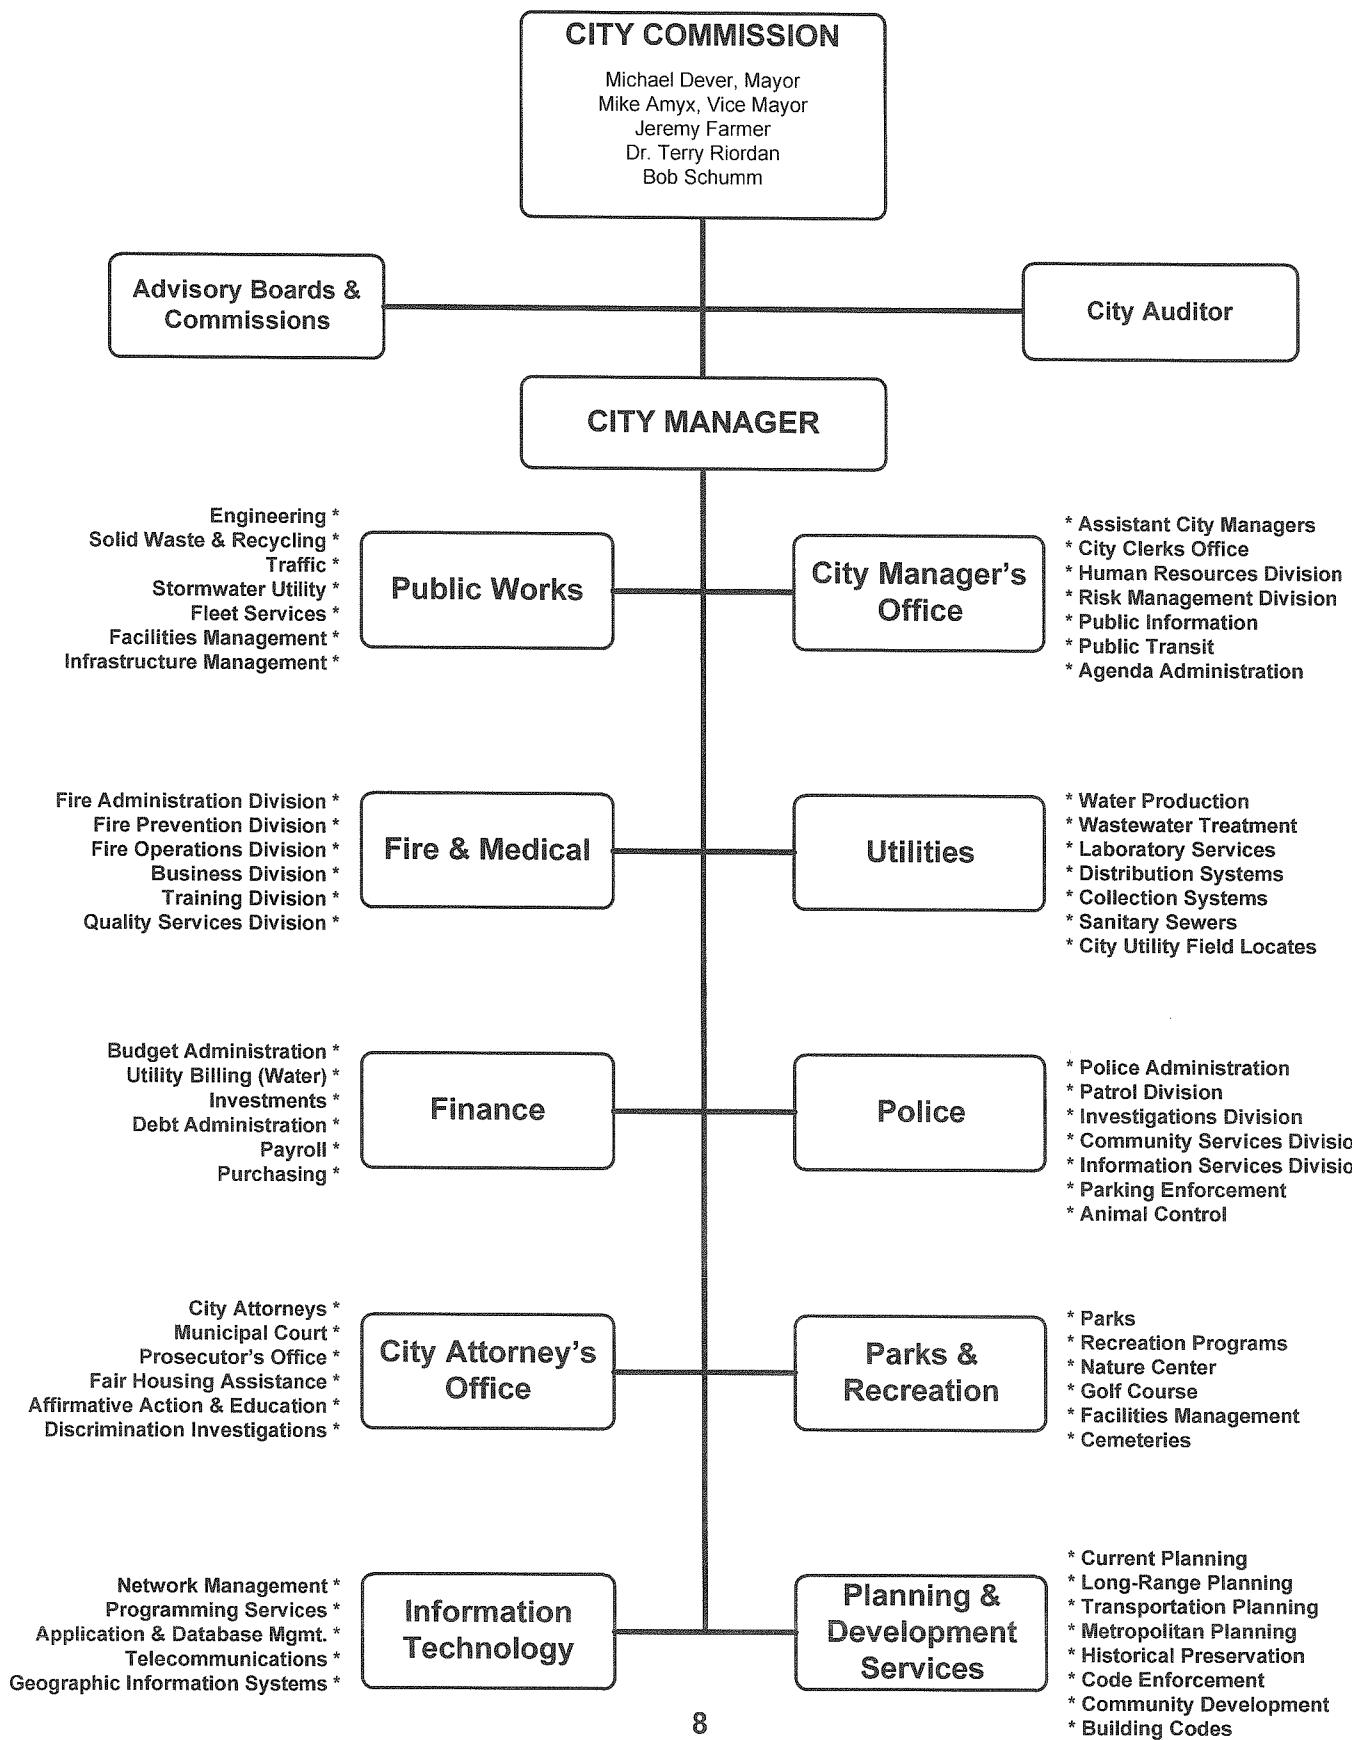

The preparation of this report would not have been possible without the efficient and dedicated services of the Finance Department. We would like to express our appreciation to all members of the department who assisted and contributed to the preparation of this report. Special acknowledgement must be given to the work of Laura Warner. In closing, without the leadership and support of the governing body of the City, preparation of this report would not have been possible.

Respectfully submitted,

Ed Mullins  
Finance Director

### INDEPENDENT AUDITOR'S REPORT

Mayor and City Commission  
City of Lawrence, Kansas

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Lawrence, Kansas, as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

#### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Lawrence Memorial Hospital which statements reflect total assets of \$264,528,696 as of December 31, 2013 and total expenses of \$173,590,012 for the year then ended, and the Lawrence-Douglas County Housing Authority which statements reflect total assets of \$19,937,019 as of December 31, 2013 and total expenses of \$8,697,246 for the year then ended, which are discretely presented component units in the accompanying financial statements. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Lawrence Memorial Hospital and the Lawrence-Douglas County Housing Authority is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the "Kansas Municipal Accounting and Audit Guide." These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the Lawrence Memorial Hospital and the Lawrence Public Library were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinions**

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type

activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Lawrence, Kansas, as of December 31, 2013, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

##### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 13 through 20 and the schedule of funding progress on page 63 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

##### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's financial statements as a whole. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical tables as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements and schedules and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying account and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the financial statements as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

#### **Other Reporting Required by Government Auditing Standards**

In accordance with "Government Auditing Standards," we have also issued our report dated July 15, 2014, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

## Management's Discussion and Analysis

As management of the City of Lawrence, Kansas, we offer readers of the financial statements an overview and analysis of the financial activities of the City of Lawrence for the fiscal year ended December 31, 2013. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal of this report.

### Financial Highlights

- The assets and deferred outflows of the City of Lawrence exceeded its liabilities and deferred inflows at the end of 2013 by \$371,368,607. Of this amount, \$33,749,059 may be used to meet the government's ongoing obligations.
- The City's net position increased by over \$4.8 million.
- An event that helped increase net position was a \$31.4 million increase in total capital assets partially offset by an increase in debt.
- As of December 31, 2013, the City's governmental funds reported combined ending fund balances of \$30,717,411, a decrease of \$20.8 million in comparison with the prior year. The decrease occurred as the result of the construction related expenses of the new library and recreation center in the capital projects fund.
- At the end of 2013, the City's unassigned general fund balance was \$12,987,191 or 22.7% of total general fund expenditures.
- The City's total long term debt decreased by nearly \$11.1 million during the year. The city issued \$4.4 million in tax exempt general obligation bonds for paying the costs of certain street, building, traffic signal and other improvements. The City also issued \$36.3 million of bond anticipation notes for the purpose of temporarily financing the costs of improvements to the water and sanitary sewer system. In addition, the city issued \$55.5 million in bond anticipation notes to temporarily finance an expansion to the library and associated parking, street improvements, and a recreation center in the Northwest part of the City.

### Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the City of Lawrence's basic financial statements. The financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, 3) notes to the financial statements. The report also contains other supplementary information in addition to the basic financial statements.

**Government-wide financial statements.** The government-wide financial statements are designed to provide readers with a broad overview of the City's finances.

The statement of net position presents information on all of the City's assets, deferred outflows, liabilities and deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net position changed during the year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Some revenues and expenses reported in the statements will result in cash flows in future fiscal periods.

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues from other functions that are intended to recover all or a significant portion of their costs through user fees and charges. The governmental activities include general government,

public safety, public works, and recreation. The business-type activities include the water and sanitary sewer, sanitation, storm sewer, and golf course operations.

The government-wide financial statements include not only the City of Lawrence, but also the Lawrence Public Library, the Lawrence Public Housing Authority and Lawrence Memorial Hospital. Financial information for these component units is reported separately from the financial information presented for the City.

**Fund Financial Statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds can be divided into three categories: governmental, proprietary, and fiduciary.

*Governmental funds.* Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, governmental fund financial statements focus on near-term inflows and outflows of spendable resources as well as on balances of spendable resources.

Because the focus of governmental funds is different than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison.

The City of Lawrence maintains 29 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund and the debt service fund. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for these funds is provided in the form of combining statements in this report.

A budget is approved annually for the general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

*Proprietary funds.* The City maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. Enterprise funds are used to account for the activities of the water and sewer, sanitation, public parking, storm water, and golf course operations. Internal service funds are an accounting device used to accumulate and allocate costs internally among functions. Internal service funds are used to account for health care costs, fleet maintenance, office supplies and workers compensation and liability expenses. These activities have been included within the governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the water and sewer, storm water, and sanitation operations. The other enterprise funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the non-major enterprise funds and the internal service funds is provided in the form of combining statements.

*Fiduciary funds.* Fiduciary funds are used to account for resources held for the benefit of parties outside the City. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City's programs. The accounting used for fiduciary funds is similar to that used for proprietary funds.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**Other information.** In addition to the basic financial statements and accompanying notes, the report also presents certain required supplementary information concerning the City's progress in funding its obligation to fund its outstanding debt.

The combining statements are presented immediately following the required supplementary information.

## Government-wide Financial Analysis

By far the largest portion of the City of Lawrence's net position reflects its investment in capital assets. Capital assets are used to provide services and are not available for future spending. The resources needed to repay capital-related debt must be provided from other sources.

A portion of the City's net position represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position may be used to meet ongoing obligations.

As of the end of 2013, the City is able to report positive balances in all three categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities. The deferred inflows in the governmental funds represent taxes that are receivable in the subsequent year.

There was an increase in net position for the governmental type funds due in large part to an increase in current and capital assets. Current assets increased due to unspent note proceeds. Capital assets increased by over \$21.0 million due to the construction of the new library and recreation center. The increase in governmental other liabilities was the result of the issuing of \$55.5 million in bond anticipation notes partially offset by the retirement of \$24.2 million in notes and the pay down of escrow to refund bonds in 2012. The decrease in long term government liabilities was the result of the issuance of \$4.4 million in general obligation bonds less the retirement of \$9.8 million in general obligation bonds from governmental type sources. A total \$9.0 million of the general obligation bonds are payable from Business-type activities

There was also an increase in net position reported in connection with the business-type activities. The Water and Sewer Fund had an increase in net position of \$1.7 million from operations. The other business-type activities reported combined increases in net position of slightly more than \$650,000. Current assets increased because of unspent proceeds from the \$36.3 million note issue to temporarily finance capital projects. Other liabilities increased due to the issuance of the temporary notes.

Overall, the City's net position increased by \$4,799,732 during 2013. Operating grants decreased from the prior year due to a reduction in transit grants. Transit grants purchased \$2.3 million in new buses in 2012. Public Works spent nearly \$4 million for architectural and engineering work from the Capital Projects Fund in 2013. Revenues in the Water and Sewer Fund decreased by \$2.0 million from the prior year due to a wetter summer. The Water and Sewer is responsible for retiring \$6.5 million in general obligation debt. The Storm Water Utility is responsible for retiring \$2.5 million in general obligation debt. A more complete analysis of the changes in the City's net position is shown below.

**Governmental activities.** Governmental activities increased the City's net position by \$2,704,985 during the year. Key elements of governmental activities during the year are as follows.

Total governmental revenues decreased by \$2.8 million in 2013, primarily due to lower transit grant revenue. Charges for services increased primarily because of greater court fines. Property taxes revenue increased by \$1.0 million because a 0.6% decrease in assessed valuation was offset by an increase in the mill levy of .92 mills. Sales tax revenue increased by only 1.7%, but was not fully realized due to the payment to developers of \$312,000 in TIF district sales taxes. Franchise fees increased by 5.0% because of higher electricity rates and greater natural gas revenue due to colder than normal winter weather.

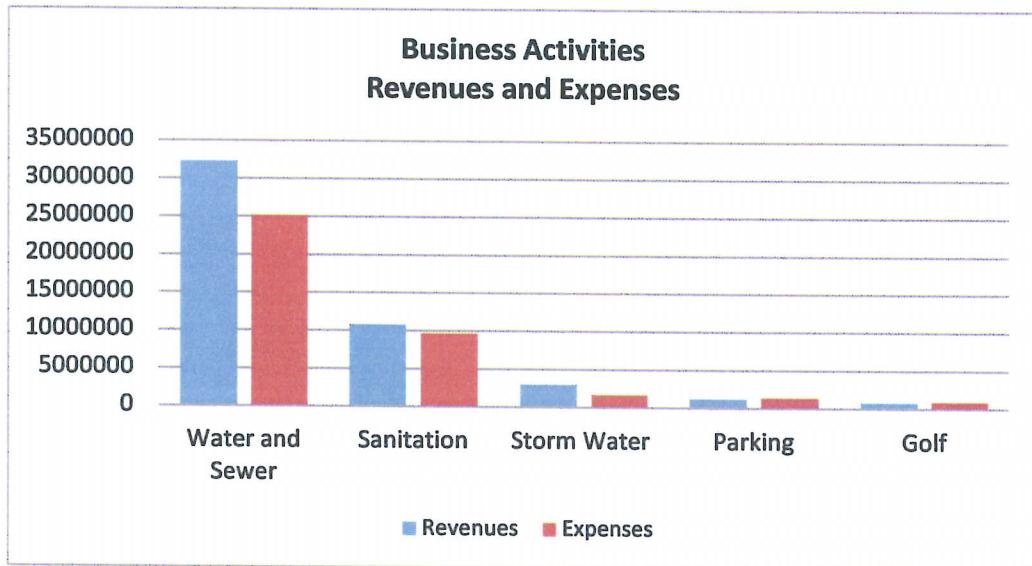

Expenses for governmental purposes increased 5.4%. General government expenses increased because of the hiring of 3 new public safety employees and a \$300,000 increase in the budget for public safety equipment. Non-represented employees were eligible for merit increases funded by a 1.0% pool. Represented Police and Fire personnel received a 1.0% cost of living increase in addition to merit increases. There was no increase in the employer contribution for health care. However, the City's contribution to employee retirement increased by approximately \$500,000. Public safety expenses increased 3.2% because of hiring of 3 additional police personnel and increase pension costs. Public Works expenses increased due to \$3.7 million in capital related architectural and engineering expenses and the expenditure of nearly \$400,000 more for road improvements from the general fund. The 2013 budget did not include any increase in employees in the business type funds. Expenses in the business type funds decreased slightly from the prior year due to the need to treat less water and the construction of fewer storm water projects.

**Business-type activities.** Business-type activities increased the City's net position by \$2,094,747. The Water and Sewer Fund, Sanitation, and Storm Water Funds experienced positive changes in net position while the Public Parking and Golf Course Fund experienced a reduction. The key elements of the changes in net position are as follows:

- Positive change in net position in the Water and Sewer Fund equaling \$1.7 million due to a 3% increase in sewer rates and a 5% increase in water rates for 2013.
- Positive net income in the Storm Water Fund equaling \$804,000 due to lower expenses. Storm water fees were not changed in 2013.
- Program revenue decreased due to lower water sales from a wetter summer than 2012 lowering demand for water.

- Business-type operating expenses were \$600,000 lower than 2012 expenses and were constrained in order to balance revenues and expenses. Water and Sewer Fund expenses decreased \$308,000 because of the need to treat less water.

### Financial Analysis of the Government's Funds

*Governmental funds.* The focus of the City's governmental fund is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending in future years.

- As of December 31, 2013, the City of Lawrence's governmental funds reported combined ending fund balances of \$30,717,411, a decrease of \$20,808,918 from the prior year.

The General Fund is the primary operating fund of the City. At the end of 2013, unassigned general fund balance totaled \$12,987,191, while total general fund balance was \$13,431,421. Unassigned general fund balance represents 22.7% of total general fund expenditures, within the 15-30% range established by the City Commission's adopted fund balance policy.

Key factors affecting the fund balances are as follows:

- An increase of 3.8% in general fund expenditures, driven by compensation increases for public safety employees, increased pension contributions, and additional public safety personnel.
- A 7.88% increase in property taxes, or approximately \$1.2 million, due to a 0.92 increase in the mill levy.
- A 5.03% increase in franchise revenue due to increases in electricity rates and higher natural gas franchise fees because of an extremely cold winter. Natural gas franchise fees are based upon the volume of gas sold.
- A negative fund balance in the Capital Projects Fund of \$28 million as a result of the construction of the new library and recreation center.

The debt service fund has a total fund balance of \$9,659,399, all of which is restricted for debt service. The amounts of debt payments are projected to increase in the near future to finance the construction of a new voter approved library.

*Proprietary funds.* The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the Water and Sewer Fund totaled \$22,137,208 at the end of 2013. The unrestricted net position of the Sanitation Fund amounted to \$2,155,511 at the end of 2013. The change in net position for the Water and Sewer Fund was \$1,697,127. The Sanitation Fund had an increase in net position of \$201,460. Due to a wetter summer, water and sewer revenue was 1.0% less than budgeted.

### General Fund Budgetary Highlights

The City of Lawrence adopts its budget on a fund basis. The 2013 adopted General Fund budget was not amended by the City Commission during the year. On the revenue side, nearly every revenue category was more than the budgeted amount with the exception of interest and fines, forfeitures, and penalties. Expenditure adjustments between programs and line items were significant since departments were directed to reduce spending. The more significant operational changes to the 2013 budget from prior year budgets are listed below:

- A total of 3 additional positions were budgeted.
- A 1.0% merit pool was budgeted for non-represented employees. Represented employees received a 1.0% cost of living increases as well as merit increases.
- Departments and outside agencies were requested to continue to look for ways to reduce their non-personnel operating budgets in order to better match revenues.

### Capital Asset and Debt Administration

**Capital assets.** The City's investments in capital assets for its governmental and business type activities as of December 31, 2013, amounts to \$431,612,970 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, equipment, roads, and bridges. The increase in capital assets for the current year was 5.2%. (For additional information on the city's capital assets please read Note 8)

Major capital asset additions during the year included the following:

- Fire Vehicle \$1,197,781
- Partial payment for County-wide radio system \$1,000,000
- Pump Station Improvements \$525,322
- Waterline Relocations \$859,162
- 23<sup>rd</sup> and O'Connell intersection \$848,494

<b>Total</b>	<b>\$ 203,758</b>	<b>\$ 224,562</b>	<b>\$ 206,493</b>	<b>\$ 207,051</b>	<b>\$ 410,251</b>	<b>\$ 431,613</b>

**Long-term debt.** At the end of 2013, the City of Lawrence had total bonded debt outstanding of \$134,948,393. Of this amount, \$67,980,914 comprises debt backed by the full faith and credit of the government (general obligation debt). The remainder of the bonded debt represents bonds secured solely by revenue generated by the Water and Sewer utility (revenue bonds). In addition, the City had \$20,577,479 due in accordance with the State Revolving Loan Fund (SRF) program for wastewater projects. (For additional information on the city's debt please read Note 7)

**City of Lawrence's Outstanding Debt  
General Obligation and Revenue Bonds**  
(000's)

	Governmental		Business-type		Total	
	2012	2013	2012	2013	2012	2013
General Obligation	\$ 64,406	\$ 58,984	\$ 10,214	\$ 8,997	\$ 74,620	\$ 67,981
Revenue	-	-	48,670	46,390	48,670	46,390
SRF	-	-	22,777	20,577	22,777	20,577
<b>Total</b>	<b>\$ 64,406</b>	<b>\$ 58,984</b>	<b>\$ 81,661</b>	<b>\$ 75,964</b>	<b>\$ 146,067</b>	<b>\$ 134,948</b>

The City's total outstanding bonded debt decreased \$11.1 million during the year. In governmental activities, \$4.4 million in general obligation bonds was issued while \$11.0 million was retired. The general obligation bonds were issued to purchase a fire vehicle, maintain facilities, and provide for an expansion of our business incubator facility. In business-type activities, \$5.7 million in debt was retired with storm water revenue and water and sewer revenue. No new bonds were issued to fund business-type activities.

The City of Lawrence maintained its rating of Aa1 on its general obligation debt by Moody's. The City's revenue bonds have been rated Aa2 by Moody's.

Kansas statutes limit the amount of general obligation debt a city may issue to 30 percent of total assessed valuation. On December 31, 2013 the debt limitation for the City of Lawrence was \$279,780,545, which is significantly in excess of the \$123,085,000 in general obligation debt the City had outstanding as of December 31, 2013.

### **Economic Factors and 2014 Budget**

The average unemployment rate for Lawrence MSA in 2013 was 4.1%, a decrease of 1.2% from the previous year. This is below the 2013 State average of 4.5%. The City experienced an increase of 0.5% in its assessed valuation in 2013. The 2013 assessed valuation is used to fund the 2014 budget. The City continued to work on the environmental clean-up of the Farmland property through expenditures of \$647,514.

It is expected that projected expenditures will exceed projected revenues by approximately \$288,000 in the General Fund in 2014. Revenues are projected to be \$420,000 above budget. The 2014 budget includes a property tax increase of 0.51 mills for general operating expenses. Because of signs of increased retail activity during the time the 2014 budget was being developed, the budget incorporated a 2.0% increase in sales tax. Other major revenue sources had smaller increases. Funding for infrastructure maintenance was higher by \$1.8 million by increasing the amount of general obligation debt. A total of nineteen new positions were included in the 2014 budget. This includes five positions for the new rental registration program, nine positions to staff the new recreation center, four positions in the Utilities Department, and one in Sanitation to supervise the new curbside recycling program. A 1.50% cost of living increases was provided for represented employees. Budgeted pension expenditures were increased by over \$715,000.

The City Commission approved a 6.0% increase in the rate charged for water and 3.0 % increase wastewater rates. There was an increase in \$2.81 per month in residential sanitation rates effective in October 2014 to fund the new curbside recycling program.

### **Requests for Information**

This financial report is designed to provide a general overview of the City of Lawrence's finances for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to: City of Lawrence, Finance Director, P.O. Box 708, Lawrence, KS 66044. The City's website can be found at [www.lawrencecks.org](http://www.lawrencecks.org).

Amounts reported for governmental activities in the statement of net assets assets are different because:

- Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. 224,212,896
- Other long-term assets are not available to pay for current period expenditures and, therefore, are deferred in the funds. 10,560,634
- Internal service funds are used by management to charge the costs of fleet repairs office supplies, and health insurance. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net assets. 8,195,106
- Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds. (68,629,918)

Net assets of governmental activities \$ 205,056,129

## **CITY OF LAWRENCE, KANSAS**

### **Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds To the Statement of Activities For the Year Ended December 31, 2013**

Amounts reported for governmental activities in the statement of activities are different because:

Net changes in fund balances - total governmental funds	\$ (20,808,918)
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.	20,810,294
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	(2,704,766)
The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	5,388,066
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	474,610
The net revenue of certain activities of internal service funds is reported with governmental activities.	<u>(454,301)</u>
Change in net position of governmental activities	<u>\$ 2,704,985</u>

The notes to the basic financial statements are an integral part of this statement

## City of Lawrence, Kansas

### Notes to Basic Financial Statements

December 31, 2013

#### **(1) Summary of Significant Accounting Policies**

The City of Lawrence, Kansas (the City) is a municipal corporation governed by an elected five-member commission. These basic financial statements present the City and its component units, entities for which the City is considered to be financially accountable. The discretely presented component units are reported as a separate column in the basic financial statements to emphasize they are legally separate. The more significant of the City's accounting policies are described below.

##### ***A. Government-wide and Fund Financial Statements***

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from certain business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

##### ***B. Measurement Focus, Accounting and Financial Statement Presentation***

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Agency funds have no measurement focus.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected

## City of Lawrence, Kansas

### Notes to Basic Financial Statements

December 31, 2013

within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to certain compensated absences and claims and judgments are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Property taxes and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria are met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

Debt service expenditures as well as expenditures related to certain compensated absences and claims and judgments are recognized when due and payable rather than when expected to be liquidated with expendable resources.

Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in net total assets. Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing goods and services in connection with a proprietary fund's ongoing operations. The principal operating revenues of the City's proprietary funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The internal service funds account for operations that provide services to other departments or agencies of the government on a cost-reimbursement basis. The City has five internal service funds. The General Liability Fund accounts for the payment of auto and general liability insurance claims. The Workers Comp Liability Fund accounts for the payment of workers compensation claims. The Central Maintenance Fund accounts for the repairs and maintenance expenses of the City's fleet of vehicles and equipment. The Stores Fund accounts for the purchase of office supplies. The Health Insurance Fund accounts for the payment of health insurance claims.

Agency funds are custodial in nature and do not measure results of operations or have a measurement focus. Agency funds do, however, use the accrual basis of accounting. Agency funds are used by the City of Lawrence for payroll withholdings, court bonds, certain Parks & Recreation activities and to record proceeds from fire insurance claims.

The City reports the following major governmental funds:

- *General Fund* is used to account for resources traditionally associated with government which are not required legally or by sound financial management to be accounted for in another fund.
- *Debt Service Fund* is used to account for the accumulation of resources and payment of general obligation bond principal, interest and other related costs from governmental resources and special assessment bond principal and interest from special assessment levies when the City is obligated in some manner for this payment.

## **City of Lawrence, Kansas**

### **Notes to Basic Financial Statements**

**December 31, 2013**

- *Capital Projects Fund* is used to account for financial resources designated for the acquisition or construction of major capital projects other than those financed by proprietary funds.

The City reports the following major proprietary funds:

- *Water and Sewer Fund* is used to account for the operations of the City's water and sewer operations.
- *Sanitation Fund* is used to account for the operations of the City's refuse collection service.
- *Storm Water Utility Fund* is used to account for the storm water fees and expenses for repair and maintenance of the storm water system .

#### **C. Inventories**

Inventories are valued at cost, which approximates market, using the average cost method. The costs of the Governmental Fund Type inventories are recorded as expenditures when consumed rather than when purchased.

#### **D. Budgetary Procedures**

Kansas Statutes require that an annual operating budget be legally adopted for the General Fund, Special Revenue Funds (unless specifically exempted by statute), Debt Service Funds and certain Enterprise Funds.

A legal annual operating budget is not required for the Capital Projects Fund and the following Special Revenue Funds:

Airport Improvement Fund  
Capital Improvement Reserve Fund  
Equipment Reserve Fund  
Guest Tax Reserve Fund  
Sales Tax Reserve Fund  
City Parks Memorial Fund  
Farmland Remediation Fund  
Cemetery Perpetual Care Fund  
Cemetery Mausoleum Fund  
Housing Trust Fund  
Outside Agency Fund  
Wee Folks Scholarship Fund  
Fair Housing Assistance Fund  
CDBG Recovery Fund  
Community Development Fund  
Rehabilitation Escrow Fund  
Home Program Fund  
Transportation Planning Fund  
Law Enforcement Trust Fund

## **City of Lawrence, Kansas**

### **Notes to Basic Financial Statements**

**December 31, 2013**

The statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

- a. Preparation of budget for the succeeding calendar year on or before August 1 of each year.
- b. Publication of proposed budget and notice of public hearing on or before August 5 of each year.
- c. Public hearing on or before August 15 of each year, but at least ten days after public notice.
- d. Adoption of final budget on or before August 25 of each year.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the governing body may amend the budget at that time. The City amended the 2013 budget for the Special Alcohol Special Revenue Fund. The original budgeted expenditure amount was \$645,175 and the amended expenditure amount was \$903,174.

The statutes permit management to transfer budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds (the legal level of budgetary control). Budget comparison statements are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the modified accrual basis of accounting, modified further by the encumbrance method of accounting. Expenditures include disbursements, accounts payable and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. All unencumbered appropriations lapse at year-end.

Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes or by the use of internal spending limits established by the City.

#### ***E. Pooled Cash and Investments***

The City maintains a cash and investment pool that is available for use by all funds managed by the City. The City's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

Cash balances from all funds are invested to the extent available in certificates of deposit and other authorized investments. Earnings from these investments, unless specifically designated, are allocated to the investing fund at maturity based on the percentage of funds invested to total investment. All investments are carried at fair value.

#### ***F. Receivables and Payables***

## **City of Lawrence, Kansas**

### **Notes to Basic Financial Statements**

**December 31, 2013**

**Accounts Receivable.** The City records revenues when services are provided. All receivables are shown net of an allowance for doubtful accounts.

**Taxes Receivable.** Collection of current year property tax by the County Treasurer is not completed, apportioned or distributed to the various subdivisions until the succeeding year, such procedure being in conformity with governing state statutes. Consequently, current year property taxes receivable are not available as a resource that can be used to finance the current year operations of the City and, therefore, are not susceptible to accrual. Accruals of uncollected current year property taxes are offset by deferred revenue and are identical to the adopted budget for 2014. It is not practicable to apportion delinquent taxes held by the County Treasurer at the end of the accounting period, and further, the amounts thereof are not material in relationship to the financial statements taken as a whole.

The determination of assessed valuations and the collection of property taxes for all political subdivisions in the State of Kansas are the responsibility of the various counties. The County Appraiser annually determines assessed valuations on January 1 and the County Clerk spreads the annual assessment on the tax rolls. The County Treasurer is the tax collection agent for all taxing entities within the county. In accordance with state statutes, property taxes levied during the current year are a revenue source to be used to finance the budget of the ensuing year. Property taxes are levied and liens against property are placed on November 1 of the year prior to the fiscal year for which they are budgeted. Payments are due November 1, becoming delinquent, with penalty, December 21. Payments of 50% are accepted through December 20, with the second 50% then being due on or before May 10 of the following year. This procedure eliminates the need to issue tax anticipation notes since funds will be on hand prior to the beginning of each fiscal year. The City Treasurer draws down all available funds from the County Treasurer's office in two-month intervals. Taxes remaining due and unpaid at February 15 and July 1 are subject to collection procedures prescribed in state statutes.

#### **G. Capital Assets**

Capital assets, which include property, plant, equipment and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an estimated useful life in excess of two years and an initial, individual cost of more than \$5,000 for property plant and equipment, or \$50,000 for infrastructure assets. Such assets are stated at actual or estimated historical cost if purchased or constructed. Donated assets are recorded at fair value at the date of donation. Depreciation of plant and equipment is provided on the straight-line basis over the estimated useful lives of the respective assets as follows:

Water treatment plant and water sewer mains	50 years
Buildings	10-50 years
Improvements other than buildings	10-50 years
Office equipment	3-20 years
Machinery	3-20 years
Infrastructure	50-80 years

The cost of normal maintenance and repairs are charged to expenses. Major expenditures for renewals and betterments are capitalized and depreciated over their estimated useful lives.

## **City of Lawrence, Kansas**

### **Notes to Basic Financial Statements**

**December 31, 2013**

Cost of assets sold or retired and the related amounts of accumulated depreciation are eliminated from the accounts in the year of sale or retirement and any resulting gain or loss is reflected in the basic financial statements.

#### ***H. Bond Discounts/Issuance Costs***

In Governmental Fund Types, bond discounts and issuance costs are recognized in the current period. Bond discounts and issuance costs for Proprietary Fund Types in the government wide financial statements are deferred and amortized over the term of the bonds using the bonds outstanding method, which approximates the effective interest method.

#### ***I. Compensated Absences***

Under terms of the City's personnel policy, employees are granted vacation and sick leave in varying amounts based upon the length of service. In the event of termination, an employee with over six months of service will receive all accumulated vacation and one-fourth accumulated sick leave. All vacation and sick leave is accrued when incurred in the government wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements. Compensated absences are paid from the fund in which the employees are paid.

#### ***J. Capitalization of Interest***

Interest costs incurred on borrowed funds during the period of construction of capital assets for Enterprise Funds are capitalized, when material, as a component of the cost of acquiring such assets. There was no interest capitalized during 2013.

#### ***K. Use of Estimates***

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### ***L. Deferred Revenue***

The City has reported as deferred revenue certain taxes and special assessments which have been deemed to be measurable but not available.

#### ***M. Comparative Data / Reclassifications***

Comparative total data for the prior year have been presented in selected sections of the accompanying financial statements in order to provide an understanding of the changes in the

## City of Lawrence, Kansas

### Notes to Basic Financial Statements

December 31, 2013

government's financial position and operations. Also, certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

#### ***N. Deferred Outflows/Inflows of Resources***

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has only one type of item that qualifies for reporting in this category. Accordingly, the item, unavailable revenue for special assessments, is reported only in the governmental funds balance sheet. The government funds report unavailable revenues from two sources: property taxes and special assessments. The government-wide statements of net position report only the unavailable revenue for property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

#### ***O. Fund Equity***

In the fund financial statements, governmental funds report fund balance in the following classifications: nonspendable, restricted, committed, assigned and unassigned. Nonspendable fund balance includes amounts that cannot be spent because they are either not in spendable form or legally or contractually required to remain intact. Restricted fund balance indicates that constraints have been placed on the use of resources either by being externally imposed by creditors, grantors, contributors or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. Committed fund balances include amounts that can only be used for specific purposes pursuant to constraints imposed by resolution or ordinance passed by the city commission. Any modification of the commitment requires the same type of action. Assigned fund balances include amounts that are constrained by the City Manager's or governing body's intent to be used for specific purposes, but are neither restricted nor committed. Unassigned fund balance represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund. When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available restricted amounts is considered to be spent first. When an expenditure is incurred for purposes for which committed, assigned, or unassigned fund balance is available, the following is the order in which resources will be expended: committed, assigned and unassigned.

The following is the detail for fund balance classifications in the financial statements:

## City of Lawrence, Kansas

### Notes to Basic Financial Statements

December 31, 2013

	Major Governmental Funds			Other Governmental Funds	Total Governmental Funds
	General Fund	Debt Service Fund	Capital Projects Fund		
<b>Fund Balances:</b>					
Nonspendable for:					
Donor restriction	\$ -	-	-	23,000	23,000
Loans	-	-	-	401,304	401,304
Restricted for:					
Capital outlay	-	-	-	7,265,354	7,265,354
Debt service	-	9,659,399	-	-	9,659,399
Assigned for:					
General government	84,277	-	-	4,000,340	4,084,617

Unassigned	12,987,191	-	(27,927,586)	(98,907)	(15,039,302)
	<b>\$ 13,431,421</b>	<b>9,659,399</b>	<b>(27,927,586)</b>	<b>35,554,177</b>	<b>30,717,411</b>

#### **P. Net Assets**

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislations adopted by the City or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

#### **(2) Reporting Entity**

The City has considered all potential component units for which it is financially accountable, and other organizations which are fiscally dependent on the City, or the significance of their relationship with the City are such that exclusion would be misleading or incomplete. This consideration relied on the underlying concept that elected officials are accountable for the actions of those they appoint to govern other organizations and that the City's financial statements should report this accountability. Although elected officials are accountable for the actions of all appointees, generally accepted accounting principles establish financial accountability as the threshold for including an organization in the financial statements of the reporting entity. Financial accountability results from one of the following criteria:

1. The primary government (in this case the City of Lawrence) is financially accountable if it appoints a voting majority of the organization's governing body and it is able to impose its will on that

## City of Lawrence, Kansas

### Notes to Basic Financial Statements

December 31, 2013

organization and there is a potential for the organization to provide specific financial benefits to or impose burdens on the primary government.

2. The primary government may be financially accountable if an organization is fiscally dependent on the primary government regardless of other circumstances.

Based on this analysis, the following organizations have been classified as component units of the City of Lawrence and are presented on the discrete basis to emphasize that they are separate from the City:

The Lawrence Housing Authority, created by State Statutes with a variety of corporate powers, operates the City's low income housing program, serving Lawrence and Douglas County. The Housing Authority is governed by a five member board appointed by the Mayor with approval of the City Commission. It is a component unit because it satisfies criterion 1 above.

The Lawrence Memorial Hospital, created by State Statutes with a variety of corporate powers, operates the city Hospital. The hospital is governed by a nine member board appointed by the Mayor with approval of the City Commission. It is a component unit because it satisfies criterion 1 above.

The City of Lawrence Public Library, created by State Statutes as a body corporate, operates the City's public library, serving primarily Lawrence and Douglas County. The library is governed by a seven member board appointed by the Mayor with approval by the City Commission. It is a component unit because it satisfies criteria 1 & 2 above.

Complete financial statements for each of the individual component units may be obtained at the entity's administrative offices.

Lawrence Housing Authority 1600 Haskell Avenue Lawrence, Kansas 66044	Lawrence Public Library 707 Vermont Lawrence, Kansas 66044	Lawrence Memorial Hospital 325 Maine Lawrence, Kansas 66044
---	--	---

### (3) Reconciliation of Government-wide and Fund Financial Statements

#### A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net assets.

The governmental fund balance sheet includes a reconciliation between fund balance – total governmental funds and net assets – governmental activities as reported in the government-wide statement of net assets. One element of that reconciliation explains that “long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.” The details of this \$68,629,918 difference are as follows:

Bonds payable	\$	58,983,998
Accrued interest payable		221,503
Claims and judgments payable		(244,757)
Compensated absences		6,076,994
Net OPEB obligation		3,592,180
Net adjustment to reduce fund balance - total governmental funds to arrive at net assets - governmental activities	\$	<u>68,629,918</u>

## City of Lawrence, Kansas

### Notes to Basic Financial Statements

December 31, 2013

#### **B. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities.**

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances-total governmental funds and changes in net assets of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that "Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense." The details of this \$20,810,294 difference are as follows:

Capital outlay	\$ 29,489,384
Depreciation expense	(8,679,090)
Net adjustment to increase net changes in fund balances - total governmental funds to arrive at changes in net assets - governmental activities	<hr/>
	\$ <u>20,810,294</u>

Another element of that reconciliation explains that "The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities." The details of this \$5,388,066 difference are as follows:

Debt issued:	
Issuance of general obligation bonds	\$ (4,405,000)
Principal repayments:	
General obligation debt	<hr/> 9,793,066
Net adjustment to increase net changes in fund balances - total governmental funds to arrive at changes in net assets - governmental activities	\$ <u>5,388,066</u>

Another element of that reconciliation explains that "Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds." The details of this \$474,610 difference are as follows:

Compensated absences	\$ (83,825)
Claims and judgments	(50,539)
Accrued interest	785,505
Premium amortization	33,719
Net OPEB obligation	(311,328)
Net adjustment to increase net changes in fund balances - total governmental funds to arrive at changes in net assets - governmental activities	\$ <u>474,610</u>

#### **(4) Budgetary Accounting**

## City of Lawrence, Kansas

### Notes to Basic Financial Statements

December 31, 2013

The accounting principles employed by the City in its budgetary accounting and reporting differ from those used to present financial statements in accordance with generally accepted accounting principles due to the inclusion of encumbrances and reimbursements with expenditures in the budgetary basis statement.

#### (5) Deposits and Investments

*Deposits* – At December 31, 2013, the City held the following investments:

Investment Type	Fair Value	Rating	Maturity Less Than 5 years
Certificate of Deposit	\$ 39,000,000	n/a	39,000,000
FHLMC	3,509,391	AAA	3,509,391
FHLB	8,028,199	AAA	8,028,199
FFMCDN	11,999,053	AAA	11,999,053
FNMA	2,002,491	AAA	2,002,491
Kansas Municipal Investment Pool	<u>10,012,036</u>	AAA	<u>10,012,036</u>
	<u>\$ 74,551,170</u>		

The municipal investment pool is under the oversight of the Pooled Money Investment Board. The board is comprised of the State Treasurer and four additional members appointed by the State Governor. The board reports annually to the Kansas legislature. State pooled monies may be invested in direct obligations of, or obligations that are insured as to principal and interest, by the U.S. government or any agency thereof, with maturities up to four years. In addition, the State pool may invest in repurchase agreements with Kansas banks or with primary government securities dealers.

The City Commission has adopted an Investment and Cash Management Policy that is reviewed annually by the Pooled Money Investment Board. The City's policy was certified by the MTA US&C Review Board. The policy establishes performance standards, legal authority, and procedures for the City's investments.

*Interest rate risk* The City of Lawrence manages its exposure to declines in the fair value of its investments by planning an orderly liquidation of its portfolio upon the occurrence of an unforeseen event in accordance with our investment policy. Otherwise, the City plans on holding its investments to maturity.

*Credit risk* Kansas statutes and City policy limit the investment of public funds to certificates of deposit and U.S. Treasury obligations. The City of Lawrence has been granted expanded investment powers by the Pooled Money Investment Board of the State of Kansas and has adopted a policy detailing their ability to also invest in the obligations of government sponsored corporations. The obligations of government sponsored corporations are not the liabilities of the U.S. government and do pose some credit risk. The City has no formal policy relating to the additional risks posed by implicitly guaranteed government agencies.

*Concentration of credit risk* The City of Lawrence's investment policy does not allow for more than 30% of the city's investment portfolio to be invested in the certificates of deposit of any one institution.

## City of Lawrence, Kansas

### Notes to Basic Financial Statements

December 31, 2013

*Custodian credit risk-deposits* In the case of deposits, this is the risk that in the event of a bank failure, the city's deposits may not be returned. Under State statute, deposits and certificates of deposit must be 100% collateralized. Most of the collateral is held at the Federal Reserve Bank in Boston, the remaining amount of collateral is held at the Country Club Bank in Kansas City, Missouri under a custodial agreement. Obligations of government sponsored agencies are held by the City's brokerage firms. To sell securities to the City the firm must be a primary dealer.

#### **(6) Tax Revenue**

Tax revenue for the year ended December 31, 2013 is as follows:

	<b>Primary Government</b>			
	<b>General Fund</b>	<b>Special Revenue Funds</b>	<b>Debt Service Funds</b>	<b>Total</b>
Property taxes	\$ 15,245,167	2,960,098	7,265,534	25,470,799
Motor vehicle tax	1,283,859	267,048	655,441	2,206,348
Payment in lieu of tax	98,546	-	-	98,546
Utility franchise taxes	6,822,828	-	-	6,822,828
Sales taxes*	<u>10,827,224</u>	<u>12,533,248</u>	<u>-</u>	<u>23,360,472</u>
 Tax revenue	 <u>\$ 34,277,624</u>	 <u>15,760,394</u>	 <u>7,920,975</u>	 <u>57,958,993</u>

\*This amount does not include county-wide taxes, which are included as intergovernmental revenues in the individual fund statements.

The City's property tax levies per \$1,000 assessed valuation for the year ended December 31, 2013 were as follows:

<b>Fund</b>	<b>Levy</b>
Primary government:	
General	\$ 17.559
Library	3.463
Debt Service	<u>8.510</u>
 Total primary government	 <u>\$ 29.532</u>

#### **(7) Debt**

The following is a summary of long-term debt transactions for the year ended December 31, 2013:

## City of Lawrence, Kansas

### Notes to Basic Financial Statements

December 31, 2013

Type of Issue	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
<b>Governmental activities:</b>					
General obligation bonds	\$ 64,001,150	4,405,000	9,793,066	58,613,084	9,273,482
Premium on bonds issued	404,633	-	33,719	370,914	33,719
Estimated claims and judgements payable	50,539	-	50,539	-	-
Accrued vacation and sick pay	6,147,247	3,359,555	3,264,347	6,242,455	2,703,856
Net OPEB obligation	3,280,852	790,801	479,473	3,592,180	-
Total primary government	<u>\$ 73,884,421</u>	<u>8,555,356</u>	<u>13,621,144</u>	<u>68,818,633</u>	<u>12,011,057</u>
<b>Business-type activities:</b>					
General obligation bonds	\$ 10,213,850	-	1,216,934	8,996,916	1,246,518
Revenue bonds	48,670,000	-	2,280,000	46,390,000	2,360,000
Long term notes payable	22,776,957	-	2,199,478	20,577,479	2,275,791
Accrued vacation and sick pay	2,050,578	1,122,042	1,115,989	2,056,631	954,916
Net OPEB obligation	1,187,148	286,199	173,527	1,299,820	-
Total primary government	<u>\$ 84,898,533</u>	<u>1,408,241</u>	<u>6,985,928</u>	<u>79,320,846</u>	<u>6,837,225</u>

The following is a summary of temporary note transactions for the year ended December 31, 2013:

Type of Issue	Beginning Balance	Additions	Reductions	Ending Balance
Governmental activities	\$ 24,215,000	55,475,000	24,215,000	55,475,000
Governmental activities-Premium	137,212	908,715	381,968	663,959
Business-type activities	-	36,300,000	-	36,300,000
Business-type activities-Premium	-	222,882	123,823	99,059
	<u>\$ 24,352,212</u>	<u>92,906,597</u>	<u>24,720,791</u>	<u>92,538,018</u>

**Net OPEB obligation:** The City operates a single employer defined benefit healthcare plan administered by the City. The Employee Benefit Plan (the Plan) provides medical benefits to eligible early retirees and their spouses. K.S.A. 12-5040 requires all local governmental entities in the state that provide a group healthcare plan to make participation available to all retirees and dependents until the retiree reaches the age of 65 years. The Health Insurance Fund has been used to liquidate net other postemployment benefit obligations in prior years. No separate financial report is issued for the Plan. OPEB expenses are paid from the Health Insurance internal services fund.

Debt payable, other than claims and judgments and compensated absences, at December 31, 2013 is composed of the following:

## City of Lawrence, Kansas

In 2013, the City issued \$4,405,000 in general obligation bonds for paying the costs of certain street, building, and equipment improvements. The General Obligation Bonds, Series 2013 A, are due in annual installments of \$350,000 to \$400,000 with interest due in semiannual installments at an average rate of 2.76% through September 2025.

In 2013, the City issued three series of general obligation temporary notes. The Series 2013-I notes in the amount of \$36,300,000 were for certain water and wastewater projects and mature on May 1, 2014. The notes have an interest rate of .18%. The Series 2013-II notes mature October 1, 2014 and were issued in the amount of \$12,270,000 to fund a recreation center bear an interest rate of 0.40%. The Series 2013-III notes in the amount of \$43,205,000 were for certain road and facility improvements and mature October 1, 2014. The notes bear an interest rate of .20% of \$275,222 or 7.4%.

The City intends to redeem all temporary notes outstanding at December 31, 2013 in 2014 from proceeds of general obligation bonds and/or other temporary notes issued to finance the improvements.

The Water and Sewage System Revenue Bonds require that one-sixth of the next interest payment due, one-twelfth of the next principal due, and one-sixth of the agent charges next due be set aside monthly in a restricted account and that a bond reserve be maintained if net revenues of the Water and Sewer System are less than 120% of the maximum annual debt service. A depreciation and emergency account is also to be maintained at a minimum of \$50,000. The City is in compliance with all requirements.

**Conduit Debt:** The City has entered into several conduit debt arrangements wherein the City issues industrial revenue bonds to finance a portion of the construction of facilities by private enterprises. In return, the private enterprises have executed mortgage notes or leases with the City. The City is not responsible for payment of the original bonds, but rather the debt is secured only by the cash payments agreed to be paid by the private enterprises under the terms of the mortgage or lease agreements. Generally, the conduit debt is arranged so that payments required by the private enterprises are equal to the mortgage payment schedule related to the original debt. At December 31, 2013, total outstanding conduit debt was \$58,855,000..

#### **Lawrence Memorial Hospital Component Unit Debt:**

The following is a summary of the long-term debt of the Lawrence Memorial Hospital, a proprietary fund type component unit. This debt is to be paid solely with Hospital revenues.

## City of Lawrence, Kansas

### Notes to Basic Financial Statements

December 31, 2013

The City has issued Series 2006, Series 2012 and Series 2013 hospital revenue bonds under a Bond Indenture dated June 1, 1994, as amended and supplemented, to finance expansion and renovation of Hospital facilities, acquire equipment and property, refinance a prior bond issue and reimburse the Hospital for certain capital expenditures. The issuance of these bonds does not directly, indirectly or contingently, obligate the City, the State or any other political subdivision thereof to levy any form of taxation therefore or to make any appropriation for their payment.

Debt Issue	Date Matured	Interest Rate	Original Amount	Balance At End of Year	Due in One Year
Series 2006	2019	5.0-5.25	51,845,000	\$ 47,195,000	790,000
Series 2012	2036	2.53	10,500,000	10,080,000	435,000
Series 2013	2021	1.06	6,865,000	6,685,000	1,305,000
Total Revenue Bonds				63,960,000	2,530,000
Unamortized premiums				705,961	-
			\$	<u>64,665,961</u>	<u>2,530,000</u>

Annual debt service requirements for hospital revenue bonds as of December 31, 2013 are as follows:

Year		Principal Due	Interest Due	Total Due
2014	\$	2,530,000	2,744,819	5,274,819
2015		2,595,000	2,679,659	5,274,659

2029-2033		14,005,000	4,823,188	18,828,188
2034-2036		10,230,000	1,061,501	11,291,501
Total	\$	<u>63,960,000</u>	<u>37,771,465</u>	<u>101,731,465</u>

**Arbitrage** – The Federal Tax Reform Act of 1986 requires issuers of tax-exempt debt to make payments to the United States Treasury of investment income received at yields that exceed the issuer's tax-exempt borrowing rates. The U.S. Treasury requires payment for each issue every five years. The City has no arbitrage liability for tax-exempt debt as of December 31, 2013.

## City of Lawrence, Kansas

### Notes to Basic Financial Statements

December 31, 2013

#### **(9) Defined Benefit Pension Plan**

The City participates in the Kansas Public Employees Retirement System (KPERS) and the Kansas Police and Firemen's Retirement System (KP&F). Both are part of a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et seq. KPERS and KP&F provide retirement benefits, life insurance, disability income benefits and death benefits. Kansas law establishes and amends benefit provisions. KPERS and KP&F issue a publicly available financial report (only one is issued) that includes financial statements and required supplementary information. Those reports may be obtained by writing to KPERS; 611 South Kansas Avenue, Topeka, KS 66603.

K.S.A. 74-4919 establishes the KPERS member-employee contribution rate at up to 6% of covered salary. K.S.A. 74-4975 establishes KP&F member-employee contribution rate at 7% of covered salary. The employer collects and remits member-employee contributions according to the provisions of Section 414(h) of the Internal Revenue Code. State law provides that the employer contribution rates be determined annually based on the results of an annual actuarial valuation. KPERS and KP&F are funded on an actuarial reserve basis. State law sets a limitation on annual increases in the employer contribution rates. The KPERS employer rate established by statute for calendar year 2013 was 7.94%. The City's employer contributions to KPERS for the years ending December 31, 2013, 2012, and 2011 were \$2,338,186, \$2,165,501, and \$1,719,983, respectively, equal to the required contributions for each year. The KP&F participating employer rate established for fiscal years beginning in 2013 was 17.26%. Employers participating in KP&F also make contributions to amortize the liability for past service costs, if any, which is determined separately for each participating employer. The City contributions to KP&F for the years ending December 31, 2013, 2012, and 2011 were \$3,875,412, \$3,580,641, and \$3,029,809, respectively, equal to the required contributions for each year.

#### **(10) Interfund Transactions**

##### *Interfund Receivables and Payables*

At December 31, 2013, the following funds had interfund receivables and payables to the following funds

<b>Due From</b>	<b>General Fund</b>
Special Revenue Funds:	
Outside Agency Grants	\$ 266,000
Community Development	117,000
Home	46,000
Transportation Planning	80,000
	\$ <u>509,000</u>

The City uses interfund receivables and payables as needed when pooled cash is negative within a fund until investments mature or grant proceeds are received. All payables are cleared in less than one year.

**City of Lawrence, Kansas**

Notes to Basic Financial Statements

December 31, 2013

**Interfund Transfers**

A summary of transfers for the year ended December 31, 2013 follows:

<u>Receiving Fund</u>	<u>Transfers In</u>	<u>Transfers Out</u>
General	\$ 3,656,141	298,000
Special Revenue Funds:		
Capital Improvement Reserve	1,198,000	-
Equipment Reserve	822,525	-
	<u>2,020,525</u>	<u>-</u>
Debt Service Fund	88,034	-
Capital Project Fund	-	810,559
Enterprise Funds:		
Water and Sewer	-	3,084,896
Sanitation	-	1,164,245
Stormwater	-	400,000
	<u>-</u>	<u>4,649,141</u>
Internal Service - Central Maintenance	-	7,000
	<u>\$ 5,764,700</u>	<u>5,764,700</u>

The City uses interfund transfers both to share administrative costs between funds and to build reserve balances in certain special liability funds.

**(11) Commitments and Contingencies**

**A. *Contract Commitments***

At December 31, 2013, the City had construction contract commitments totaling approximately \$19,673,399. The City expects to receive the contracted services during fiscal year 2013.

**B. Encumbrances**

The City uses encumbrances to control expenditure commitments for the year and to enhance cash management. Encumbrances represent commitments related to executor contracts not yet performed and purchase orders not yet filled. Commitments for such expenditure of monies are encumbered to reserve a portion of applicable appropriations. Encumbrances still open at year

## City of Lawrence, Kansas

### Notes to Basic Financial Statements

December 31, 2013

end are not accounted for as expenditures and liabilities but, rather, as assigned fund balance. As of December 31, 2013 the City had a total of \$1,439,616 in encumbrances which were reported as part of the government fund balance sheet as follows:

	<u>Assigned</u>
General Fund	\$ 444,230
Nonmajor Governmental Funds	<u>995,386</u>
	<u>\$ 1,439,616</u>

### C. Insurance

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets errors and omissions; injuries to employees; and natural disasters. Under the City's risk management program, the City retains risk for general liability protection, automobile liability and up to \$300,000 per occurrence (\$1,000,000 in aggregate) for each worker's compensation claim. The City purchases commercial insurance for claims in excess of the maximum under an umbrella policy. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

Claims expenditures and liabilities are reported based on estimates of the amounts needed to pay prior and current year claims and to establish a reserve for catastrophic losses. That reserve was \$2,533,771 at December 31, 2013. The primary government's claims liability reported in the Statement of Net Assets at December 31, 2013 was \$0. The liability reported in the financial statements at December 31, 2013 is based on the requirement that liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable a liability has been incurred at the date of the financial statements and that the amount of the loss can be reasonably estimated.

**Employee Health Care:** The City has established a program to pay medical claims of covered current and former City employees and additional health insurance premiums. Liabilities are reported when it is probable that claims have been incurred and the amount of the liability can be reasonably estimated. Claim liabilities are calculated by the plan administrator and are expected to be liquidated with expendable available resources. This program is accounted for in an internal service fund.

	2013	2012
Unpaid claims, January 1	\$ 414,702	394,751
Incurred claims (including IBNRs)	7,950,267	7,082,140
Claim payments	<u>8,011,424</u>	<u>7,062,189</u>
Unpaid claims, December 31	<u>\$ 353,545</u>	<u>414,702</u>

## **City of Lawrence, Kansas**

### **Notes to Basic Financial Statements**

**December 31, 2013**

#### **(12) Fund Deficit**

The Capital Project Fund had a deficit of \$27,927,586 due to projects for which permanent financing has not yet been obtained. The Transportation Planning Fund had a deficit for \$40,646 due to grant expenditures which had not yet been received.

#### **(13) Cost Sharing Arrangements**

The City has entered into various cost sharing arrangements with Douglas County, Kansas, (the County) to provide services and facilities. A listing of those arrangements is as follows:

In 1994, the City and the County agreed to combine their emergency communications services with the costs of the combined operations to be shared as follows: City 66% and County 34%. This agreement was modified in 1997 following the combination of the County emergency medical services and the City fire department in 1996 discussed below.

In 1996, the County emergency medical services and the City fire department were combined with the City paying 74.36% and the County paying 25.64% of the operating costs of the combined operations. The County pays all the cost of buildings and equipment of the ambulance service and the City pays all the cost of buildings and equipment of the fire department. As of the effective date of the 1996 agreement all buildings, equipment and furniture were transferred to the ownership of the City. This agreement was later modified in 1997, 1998 and 2005.

In 1996, the City and the County agreed to share equally in the cost of construction of a health facility to house the Lawrence-Douglas County Health Department, the Bert Nash Community Mental Health Center and the Douglas County Visiting Nurses Association. The agreement provided that on completion the building, equipment and furniture would be owned by the City. This health facility was completed and occupied in 1997. A related agreement provides for the City and the County to each pay half of the health facility maintenance and operating expenses.

Also, the County pays 1/6<sup>th</sup> of the cost of the City's planning department.

December 31, 2013

#### **(14) Net Assets**

The amounts reported on the statement of net assets identified as invested in capital assets, net of related debt as follows:

	<b>Governmental Activities</b>	<b>Business Type Activities</b>	<b>Total</b>
Total net capital assets	\$ 224,561,872	207,051,098	431,612,970
Less:			
Current portion of general obligation bonds	(9,307,201)	(1,246,518)	(10,553,719)
Current portion of notes payable	-	(2,275,791)	(2,275,791)
Current portion of revenue bonds	-	(2,360,000)	(2,360,000)
Temporary notes payable	(56,138,959)	(36,399,059)	(92,538,018)
Noncurrent portion of general obligation debt	(49,676,797)	(7,750,398)	(57,427,195)
Noncurrent portion of revenue bonds payable	-	(44,030,000)	(44,030,000)
Noncurrent portion of notes payable	-	(18,301,688)	(18,301,688)
Add:			
Unspent general obligation bonds, revenue bonds and temporary note proceeds	33,026,873	40,724,978	73,751,851
Net assets-invested in capital assets, net of related debt	<u><u>\$ 142,465,788</u></u>	<u><u>135,412,622</u></u>	<u><u>277,878,410</u></u>

#### **(15) Postemployment Healthcare Plan**

**Plan Description.** The City operates a single employer defined benefit healthcare plan administered by Blue Cross of Kansas in 2009. The Employee Benefit Plan (the Plan) provides medical and dental insurance benefits to eligible early retirees and their spouses. KSA 12-5040 requires all local governmental entities in the state that provide a group health care plan to make participation available to all retirees and dependents until the retiree reaches the age of 65 years or becomes eligible for Medicare. No separate financial report is issued for the Plan.

**Funding Policy.** The contribution requirements of plan participants and the City are established by the City. The required contribution is based on projected pay-as-you-go financing requirements. For the fiscal year ended December 31, 2013, the City contributed \$653,000 to the Plan. (approximately 61% of total contributions). Plan participants contributed \$400,959 to the Plan (approximately 82% of total contributions) through their required contributions of 80% of premiums, ranging from \$256 to \$865 per month for coverage.

**Annual OPEB Cost and Net OPEB Obligation.** The City's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the City's annual OPEB cost for the Plan for the year, the amount actually contributed to the plan, and the changes in the City's net OPEB obligation to the Plan:

## City of Lawrence, Kansas

### Notes to Basic Financial Statements

December 31, 2013

Annual required contribution	\$ 1,152,000
Interest on Net OPEB obligation	156,000
Adjustment to annual required contribution	<u>(231,000)</u>
Annual OPEB cost	1,077,000
Contributions Made	<u>(653,000)</u>
Increase in Net OPEB obligation	424,000
Net OPEB obligation - beginning of year	<u>4,468,000</u>
Net OPEB obligation - end of year	<u><u>\$ 4,892,000</u></u>

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the Plan, and the net OPEB obligation for the year ended December 31, 2013 was as follows:

Fiscal Year <u>Ended</u>	Annual OPEB <u>Cost</u>	Percentage Of ARC <u>Contributed</u>	OPEB Cost <u>Contributed</u>	Net OPEB <u>Obligation</u>
December 31, 2011	\$ 1,608,000	8%	121,000	2,487,000
December 31, 2012	2,066,000	4%	85,000	4,468,000
December 31, 2013	1,077,000	60.7%	653,000	4,892,000

**Funding Status and Funding Progress.** As of January 1, 2013, the most recent actuarial valuation date, the Plan was not funded. The actuarial accrued liability for benefits was \$9,414,166 and the actuarial value of the asset was \$0, resulting in an unfunded actuarial accrued liability (UAAL) of \$9,414,166. The covered payroll (annual payroll of active employees covered by the plan) was \$43,500,165, and the ratio of the UAAL to the covered payroll was 21.6%. A Schedule of Funding Progress is shown on page 63 and provides multi-year information about the City's OPEB.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statement, will present multiyear trend information about whether the actuarial value of plan assets (if any) are increasing or decreasing over time relative to the actuarial accrued liabilities for benefits when such information is available.

**Actuarial Methods and Assumptions.** Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan participants) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan participants to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

As of January 1, 2013, the most recent actuarial valuation date, the entry age normal actuarial cost method was used. The actuarial assumptions included a 3.5% investment rate of return, which is the rate of the employer's own investments as there are no plan assets and initial annual healthcare cost trends of 7% for medical, 7% for

## City of Lawrence, Kansas

### Notes to Basic Financial Statements

December 31, 2013

drugs and 3.5% for dental, reduced by decrements to ultimate rates of 5.5%, 5.25% and 5% after eight years. Projected salary increases are 1.5% and the projected rate of inflation is 2.5%. Post-retirement benefits are not projected to change. The UAAL is being amortized as a level % over a closed thirty-year period.

#### **(16) Pollution Remediation**

On September 29, 2010 the City of Lawrence obtained the former Farmland site out of bankruptcy. The site includes 463.5 acres located in Northeast Lawrence adjacent to Kansas Highway 10. Of this acreage, 263 acres will require minimal action. Farmland used the location to produce nitrogen from 1954 to 2001 and the groundwater, soil, sediments and surface and storm waters contain nitrate and ammonia levels that exceed environmental regulations.

The city entered into a consent order with the Kansas Department of Health and Environment (KDHE) to remediate the pollution and received \$8.5 million from the Farmland Trust Account to pay the estimated cost of between \$11.2 million and \$11.8 million over 30 years. The Kansas Department of Health and Environment and the Environmental Protection Agency (EPA) anticipate it will take 30 years or longer to meet all of the obligations on the entire site. The least expensive remediation option is to pump the groundwater and apply it to land as fertilizer.

The City Commission authorized the acquisition of Farmland to add additional space for industrial and business park expansion in Lawrence. The former Farmland facility is adjacent to the existing East Hills Business Park and BNSF rail service, has contiguous acreage for larger businesses and sites, and has relative close proximity to utilities and infrastructure. City land use plans call for the use of this property as an industrial/business park.

The City is now in the process of demolition of old structures on the property and is continuing to work on the environmental clean-up of the property. In October 2010, the city requested proposals to remove the structures from the Farmland site. In 2011, the contractors for the city demolished over 35 structures and removed over 1,600 tons of scrap metal for recycling from the Farmland property. The city continues to work on the environmental clean-up of the property, which includes remediation efforts to pump ground water from the site which has an overabundance of nitrogen from the fertilizer operation. The city pumps the ground water to local farm fields as part of the remediation efforts.

The (KDHE) and the (EPA) have both estimated the costs for the work over the next 30 years. The KDHE estimate for the remediation over a 30 year time period is \$11.2 million with an additional \$2.1 million contingency. The EPA produced an estimate of \$11.8 million. While all of these estimates are more than the \$8.5 million the City received at closing, the City will benefit from three elements which still make the proposed acquisition attractive to the City:

The City estimates that the \$8.5 million will earn approximately \$2.6 million in interest over the 30 year clean up timeframe assuming an average interest rate of 2.0% and level annual expenses. As a result, it is estimated that the city will have approximately \$11.1 million to remediate the pollution.

The proximity of the site and several of the required remediation efforts allow the City to use City resources and personnel for a number of the required remediation efforts thereby reducing costs; including the management of the various groundwater pumping systems, soil excavation, and stormwater management.

**City of Lawrence, Kansas**

Notes to Basic Financial Statements

December 31, 2013

The City is receiving the land without paying a purchase price; concurrent with the remediation and infrastructure work the City will seek to sell or lease portions of the property for industrial and business. This will provide additional income to the City for use in the remediation and infrastructure installation on the property. Based upon the average assessed value of undeveloped lots in a similar use business park adjacent to the property the City has estimated a value of \$37,204 per acre for the 463 acres, for a total valuation of \$17,225,000, assuming satisfactory environmental compliance and infrastructure installation.

## Nonmajor Governmental Funds

### Special Revenue Funds Fund Descriptions

#### **BUDGETED FUNDS**

*Guest Tax Fund* – This fund is used to account for the 6% guest tax received on the occupancy of hotels and motels in the City.

*Library Fund* – This fund is used to account for the tax receipts collected and disbursed to the local public library.

*Transportation Fund* – This fund is used to account for revenues and expenditures associated with the fixed route bus system and para-transit services of the City.

*Recreation Fund* – This fund is used to account for user fees derived from recreational and cultural events and the expenditures necessary to carry out the recreation programs at the City's four community recreation centers.

*Special Alcohol Fund* – This fund is used to account for one-third of the liquor tax received by the City from the State of Kansas. The revenues are used to finance contractual programs for the prevention and treatment of drug and alcohol abuse.

*Special Gas Tax Fund* – This fund is used to account for the gasoline tax received from the State of Kansas and Douglas County. The expenditures are primarily for repairs of streets and to provide for new traffic signals.

*Special Recreation Fund* – This fund is used to account for one-third of the liquor tax received from the State of Kansas. These funds are used to provide additional resources for recreational activities and historic tours.

#### **NONBUDGETED FUNDS**

*Airport Improvement Fund* – This fund is used to account for grant proceeds received from the Federal Aviation and Administration and the operations of the airport. Revenues are generated from the fixed based operator and farming income (K.S.A. 79-2925).

*Capital Improvement Reserve Fund* – This fund is used to account for major capital improvements which are not funded by long-term debt. Transfers from the General Fund provide the resources for these expenditures (K.S.A. 12-1,118).

*Equipment Reserve Fund* – This fund is used to account for major equipment purchases which are not budgeted in the operating funds of the Governmental Fund Types or financed with general obligation bonds. Transfers from the General Fund provide the resources for these expenditures (K.S.A. 12-1,117).

*Guest Tax Reserve Fund* – This fund is used to account for tourism, visitation and related expenditures (Charter Ordinance No. 30).

*Sales Tax Reserve Fund* – This fund is used to account for the City's share of a .01 cents sales tax levied by the county designated for recreational and cultural capital projects and a health facility project (K.S.A. 12-1,118).

**Special Revenue Funds**  
**Fund Descriptions, Continued**

*City Parks Memorial Fund* – This fund is used to account for donations received from the public to fund special requests for landscaping and flower gardens (K.S.A. 79-2925).

*Farmland Remediation* – This fund is used to account for escrow funds received and remediation costs for the former Farmland Industries property (K.S.A. 12-1663).

*Cemetery Perpetual Care Fund* – This fund is used to provide monies for the maintenance of the City Cemetery (K.S.A. 12-1408).

*Cemetery Mausoleum Fund* – This fund is used to provide monies for the City Mausoleum (K.S.A. 12-1408).

*Housing Trust Fund* – This fund is used to acquire, construct, and rehabilitate affordable housing (K.S.A. 12-16,114).

*Outside Agency Fund* – This fund is used to account for grants passed through the outside agencies (K.S.A. 12-1663).

*Wee Folks Scholarship Fund* – The fund was started with a \$12,000 donation from the St. Patrick's Day Parade organization. The City is to seek matching donations. The fund is to be used to provide scholarships for Lawrence youth for recreational activities (K.S.A. 79-2925).

*Fair Housing Assistance Fund* – This fund is used to account for federal housing assistance grants received by the City. The monies are used to promote fair housing practices in the City and to assure compliance with federal regulations governing fair housing practices (K.S.A. 12-1663).

*CDBG-Recovery Fund* – This fund is used to account for additional CDBG funding that was received in accordance with the ARRA stimulus funding. These funds were used to provide assistance to low and moderate income individuals and areas in the City (K.S.A. 12-1663).

*Community Development Fund* – This fund is used to account for federal block grants received and related program income. These funds are used to provide assistance to low and moderate income individuals and areas in the City (K.S.A. 12-1663).

*Rehabilitation Escrow Fund* – This fund is used to account for federal grants received to provide assistance to homeowners for improvements to properties in targeted neighborhoods (K.S.A. 12-1663).

*Home Program Fund* – This fund is used to account for federal funds received to assist low income residents to purchase homes (K.S.A. 12-1663).

*Transportation Planning Fund* – This fund is used to account for federal grants received for urban transportation planning (K.S.A. 12-1663).

*Law Enforcement Trust Fund* – This fund is used to account for proceeds from the sale of assets forfeited in a legal proceeding. Receipts in the fund are used to defray the cost of complex investigations, purchase technical equipment or provide matching funds for federal grants (K.S.A. 60-4117).

## **NONMAJOR PROPRIETARY FUNDS**

### **ENTERPRISE FUNDS**

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the governing body has decided that periodic determination of net income is appropriate for accountability purposes.

*Public Parking Fund* – This fund is used to account for the operation of all parking facilities owned by the City.

*Golf Course Fund* – This fund is used to record the activities of Eagle Bend Golf Course, a publicly owned facility.

### **INTERNAL SERVICE FUNDS**

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the governmental unit, or to other governmental units, on a cost-reimbursement basis.

*General Liability Fund* – This fund accounts for payments for auto and general liability claims.

*Workers' Comp Liability Fund* - This fund accounts for payments for workers'compensation claims.

*Central Maintenance Fund* – This fund accounts for the repairs and maintenance expenses of the City's fleet of vehicles and equipment.

*Stores Fund* – This fund accounts for the purchase of office supplies.

*Health Insurance Fund* – This fund accounts for the payment of health insurance claims.

## AGENCY FUNDS

Agency Funds are used to account for assets held by the government as an agent for individuals, private organizations, other governments and/or other funds.

*Payroll Clearing Fund* – This fund is used to account for withholdings from payroll pending payment to outside agencies.

*Municipal Court Fund* – This fund is used to account for cash bonds paid by defendants.

*KPRF Fund* – This fund is used by the Parks and Recreation Department to purchase tickets, pay travel agents and pay for other reimbursable expenses.

*Fire Insurance Proceeds Fund* – This fund accounts for insurance proceeds received and held by the City until the affected property is demolished.

*Economic Development Escrow Fund* – This fund accounts for proceeds from our tax-increment financing districts that are paid to developers to reimburse them for public improvements.

## **STATISTICAL SECTION**

(This page intentionally left blank.)

## **Statistical Section**

The Statistical Section provides additional information to aid in the understanding of the financial statements, note disclosures, and supplementary information for the City of Lawrence.

### Contents

#### Financial Trends

These schedules help the reader understand how the city's financial performance has changed over time.

#### Revenue Capacity

These schedules help the reader assess the status of the city's property tax.

#### Debt Capacity

These schedules help the reader assess the city's current levels of outstanding debt and the city's ability to issue additional debt.

#### Economic and Demographic Information

These schedules help the reader understand the economic environment within which the city's financial activities take place.

#### Operating Information

These schedules help the reader understand how the information in the city's financial report relates to the services the city provides.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

## **SCHEDULES OF FINANCIAL TRENDS INFORMATION**

The objective of financial trends information is to assist the reader in understanding how the City of Lawrence's financial position has changed over time. As a result, two tables are presented. Table 1 shows Net Position for the last ten years. Table 2 shows the Changes in Net Position for the last ten years.

## **SCHEDULES OF REVENUE CAPACITY INFORMATION**

The objective of the revenue capacity information is to assist the reader in understanding the factors affecting the City of Lawrence's ability to generate its own-source revenue. As a result, seven tables of data are presented. Most of the tables contain ten years of data. Table 3 shows tax revenues by source. Table 4 shows the fund balances of the governmental funds. Table 5 shows the changes in fund balances. Table 6 provides the assessed and estimated actual property valuations. Table 7 shows the direct and overlapping property tax rates. Table 8 lists the ten largest property tax payers. Table 9 provides a history of property tax collections.

Table 3

## **SCHEDULES OF DEBT CAPACITY INFORMATION**

The objective of the debt capacity information is to assist the reader in assessing the City of Lawrence's present debt burden and its ability to issue additional debt in the future. As a result, five tables of data are presented. Most of the tables contain ten years of data. Table 10 shows outstanding debt by type. Table 11 shows ratios of debt to assessed valuation and debt per capita. Table 12 lists direct and overlapping debt. Table 13 provides calculations of the legal debt margin. Table 14 shows the revenue bond coverage.

Douglas County	29,335,000	3,045,208	26,289,792	74.50	19,585,895
Unified School District No. 497	85,775,000	2,350,125	83,424,875	87.33	72,854,943
	115,110,000	5,395,333	109,714,667		92,440,838
	<b>\$ 182,720,000</b>	<b>5,395,333</b>	<b>177,324,667</b>		<b>\$ 160,050,838</b>

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the overlapping debt of those overlapping governments that is borne by the resident and businesses of the City. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable assessed value that is within the City's boundaries and dividing it by each unit's total taxable assessed value. This approach was also applied to the other debt of the overlapping governmental units.

## **SINGLE AUDIT SECTION**

(This page intentionally left blank.)

MIZE & HOUSER  
COMPANY, P.A.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Mayor and City Commissioners  
City of Lawrence, Kansas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Lawrence, Kansas (the City) as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated July 15, 2014. Our report includes a reference to other auditors who audited the financial statements of the Lawrence Memorial Hospital and the Lawrence-Douglas County Housing Authority as described in our report on the City's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. The financial statements of the Lawrence Public Library were not audited in accordance with *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL  
CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Mayor and City Commissioners  
City of Lawrence, Kansas

Report on Compliance for Each Major Federal Program

We have audited the compliance of City of Lawrence, KS (the City) with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended December 31, 2013. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations." Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on the City's compliance.

Opinion on Each Major Federal Program

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2013.

### Report on Internal Control Over Compliance

The management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in the internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.
