Purpose of Travel

Educational - ICMA Annual Conference

How does this travel apply to your job? How will this add value to the City of Lawrence?

This conference offers 150 education sessions, keynotes, speakers, workshops, etc. to learn from and with peers from municipalities across the country and several other countries. Topics include community engagement, finance and budgeting, racial equity and social justice, technology/smart cities, and workforce management. This will add value to the City by providing me with an opportunity to learn about best practices and innovation in all of these areas, which I can bring back to help our organization deliver service more effectively and efficiently.
