Educational - Kansas Shade Tree Conference			
How does this travel apply to your job? How will this add value to the City of Lawrence?			
<p>Attendance of the Shade Tree Conference is a requirement to maintain certification through the Kansas Arborist Association. It is an excellent opportunity to empower team members to learn, grow, and hone their skills as arborists. Learning from leading researchers and industry professionals is how we improve the way we care of the trees of this city and improve our value to the residents.</p>

How does this travel apply to your job? How will this add value to the City of Lawrence?			
<p>With the new Parks, Recreation, Arts and Culture masterplan and the integration of arts and culture within Parks and Recreation as part of Unmistakable Identity, there's an opportunity for Lawrence to take a stronger leadership role in the state and build professional relationships with other municipalities. In addition, the panels I've assembled bring together representatives from across the state, including the Kansas Arts Commission.</p>

Educational - KPRA Annual Conference			
How does this travel apply to your job? How will this add value to the City of Lawrence?			
<p>Attending KRPA 2025 applies directly to my job as there are many sessions that are geared towards special events, that will focus on improving events, gathering new ideas, making events more equitable and accessible, and other details of municipal event planning. There are also many career development sessions that would be beneficial to a young professional who is always learning new things about being a professional in the workplace. My attendance to this conference would be beneficial to the City of Lawrence because I plan to come back with fresh ideas on how to improve our existing events, and how to creatively implement new event initiatives that fit our Unmistakable Identity KPIs and our budget. I also intend to seek out new ways to engage our community via social media and marketing initiatives by engaging with employees from other cities that do similar work.</p>
