

New Residential Trash Collection Schedule

When will the new residential trash collection routes begin?

The new residential trash collection routes will begin on May 6, 2014. Half of our residential customers will be assigned a different day of the week for trash collection. The other 50% will not experience a trash day change.

Why is the city changing the trash collection schedule?

The goal in restructuring the residential trash routes is to create efficiencies in collection and to define route size areas that will be able to be serviced by trash and recycling trucks on the same day. Residential recycling collection service will begin this fall (mid-October).

Which days will residential trash be collected?

Lawrence will be split in four sections for residential trash collection on Tuesday, Wednesday, Thursday, and Friday. A new interactive trash collection map is available at www.lawrenceks.org/swm. On this website, residents may search for their trash day by entering their house address.

Will yard waste continue to be collected on Mondays ?

Yes. The yard waste collection routes will not change. Monday (excluding Monday holidays) will continue to be the yard waste collection day for all residential customers.

Guidelines for trash collection:

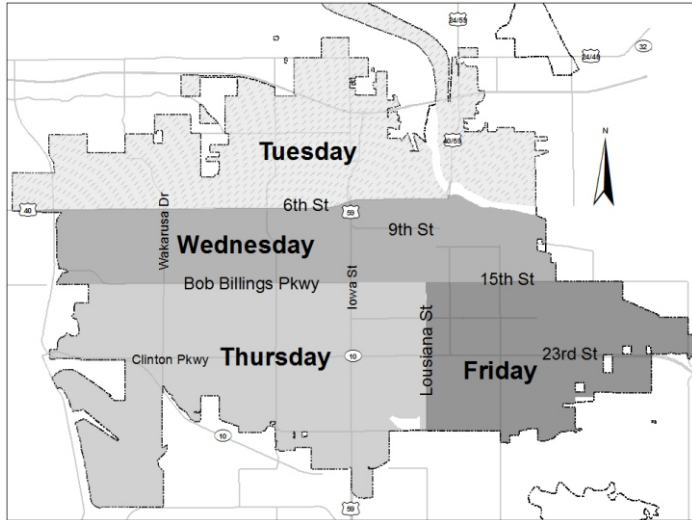

- Set out trash in the cart provided by the city by 7 a.m. on your designated trash collection day. Make sure the cart lid is closed. Remove empty carts from the curb within 24 hours.
- Place the cart within 3 feet of the street or alley. Do not block sidewalks or driveways. Maintain a clear path to the cart and keep cart at least 3 feet away from other carts, mailboxes, low-hanging tree branches, parked cars or utility poles so trucks can easily access the cart.
